Perspectives Attendance Policy

All students must attend school each day. If a student is going to be late or absent, the parent/guardian must call the school or email a school administrator before 8:00 a.m. to let the school office know of their child’s tardiness or absence. The following reasons may be sufficient cause for an excused absence: student illness, family emergency, observance of a religious holiday, death in the immediate family, inclement weather which would be dangerous to the life or health of the child, legal quarantine, or emergency conditions as determined by school administration. If a parent/guardian does not call or email the school office with an explanation within 72 hours, the absence will automatically be considered unexcused. Students who are absent for three (3) consecutive days or more are required to submit written doctor's notes upon their return to school. Students will be given the opportunity to make up assignments for excused absences. School Administration reserves the right to determine whether a tardy or absence will be excused or unexcused. Please note that even if an absence is excused, it still impacts your student’s annual attendance rate.

In the event that extraordinary circumstances require the student to be absent from school, an action plan may be developed jointly by the teachers and the student's parent/guardian. The plan will define the length of the absence and the means by which the student will make up the work he or she will miss. The plan must be approved and signed by the Principal or Assistant Principal, the student’s teachers, and the student’s parent/guardian prior to the student’s absence.

In the absence of such plan, any student who has less than a 90% attendance rate school during the school year, for any reason, may be required to attend and successfully complete summer school, winter school, or spring school prior to the start of the subsequent school year. In such a situation, the school also reserves the right to have the student repeat his or her current grade.

TARDINESS

The following policy is intended to aid students in establishing the habit of punctuality, and to reduce the number of classroom disruptions which occur at the beginning of class.

TARDY TO SCHOOL

If a student is tardy (unexcused) to school ten (10) or more times within a quarter, he or she may be placed on Tardy Probation at the beginning of the next quarter. It is possible that students who are on Tardy Probation may lose opportunities to be on the Honor Roll, nor participate in reward days (dress-down days, school dances, etc.) or in after-school sports or activities for the length of his or her probation. Students will remain on Tardy Probation until the quarter has ended and his or her attendance is revisited.

The following reasons are sufficient cause for late arrival:
• Doctor's appointment (student should return to school with a release/return notice from his or her doctor),
• Inclement weather, which would be dangerous to the life or health of the child,
• Religious observance,
• Student illness with a doctor’s note and
• Emergency conditions, as determined by the school administration

School Administration reserves the right to determine whether a tardy will be excused or unexcused. If you are struggling to get your student to school on time, or to school at all, please let school administrators and social workers know so we can provide any possible supportive services that may be available

TARDY TO CLASS

Students must be in the classroom when the bell rings. The only exceptions are:

• Students detained by school staff, arriving to class with a pass from staff or the main office
• Students detained for administrative reasons, arriving to class with a pass from staff or the main office
• Students tardy to school, arriving to class with a pass from the main office

If a student is abusing the tardy policy by being consistently tardy and/or disruptive, the teacher will refer the student to the school office for discipline.

SPECIAL EVENT, EXTRACURRICULAR, AND ATHLETIC PARTICIPATION ATTENDANCE

Perspectives Charter Schools’ students are encouraged to participate in special events, extracurricular, and athletic activities taking place throughout the network. Examples of such events are homecoming dance, junior and senior prom, drivers education, and sporting events. Students planning to participate in such events and activities must be in their scheduled classes the day of the event or activity in order to attend.

Students absent from school without sufficient cause on the day of the event/activity will not be allowed to participate. Student-Athletes receiving less than 150 instructional minutes (less than a half day of school) will not be allowed to participate in athletic programs without sufficient cause for the absence. In addition to the above, all instructional fees and meal balances must be settled prior to a student participating in a special event or activity. Any students having outstanding instructional or meal balances may not be able to participate in special events or activities that are not covered by instructional fees.
TRUANCY (UNEXCUSED ABSENCES)

Parents are reminded that it is their legal obligation to make certain their child is in school and on time. Perspectives Charter Schools will consider a student truant, and will begin truancy procedures, once a student receives five (5) unexcused absences within a single school year.

The following steps will be taken in response to truancy:

One through nine (1-9) Unexcused Absences
The parent/guardian will be contacted by the school to discuss the unexcused absences and to ensure that the parent understands and complies with the expectations detailed in the Perspectives Charter Schools Staff-Student-Parent Agreement.

Ten (10) Unexcused Absences
A mandatory parent/guardian meeting will be held with the school leaders, the child's teachers, the parent/guardian, and the child in question. The school will mail out a ten-day absentee letter to the student's parent/guardian, and also notify the Office of Student Support and Enrollment (Attendance and Truancy) at Chicago Public Schools (CPS).

DROP OUTS

Perspectives Charter Schools and all of its employees are prohibited from encouraging students to drop out. Additionally, Perspectives strives to exhaust all available supports and services to help students remain in school.

EARLY DISMISSAL

If it is necessary for a student to be dismissed from school before the end of the school day, parents/guardians must notify the school's main office of the early dismissal. Parents may inform the school in person or by phone of the specific time of the dismissal and the name of the person who will be picking up the student from school. Only adults who are listed on the student's emergency contact form as authorized adults will be allowed to confirm, sign out, and pick up students from the school's main office. All authorized adults should be listed on the emergency contact form filled out during registrations.

Students under the age of 18 must be picked up and signed out from the main school office. They are not allowed to sign themselves out or leave without a parent, guardian, or emergency contact, present.

Students over the age of 18 will be allowed to sign themselves out once the early dismissal is confirmed with a parent/guardian.

Everyone picking up students from school will be asked to provide the school's main office with a photo ID at the time of dismissal. Should a parent/guardian need to make changes to his or
her emergency list, he or she should contact the school’s main office to update the Emergency Contact form. School administrators will deny the dismissal of a student to any person(s) not listed as authorized as an emergency contact, or if additional confirmation is needed.

CLOSED CAMPUS

Perspectives Charter Schools has a closed campus policy. This means that students are to remain on school grounds during school hours, including lunch time. No food is to be delivered to campus. The only time a student may leave prior to dismissal is after being checked out of school from the main office by an authorized adult or if the student has a legitimate academic program enrollment - such as Chicago Builds, dual enrollment, etc. In the latter instance, students may leave school grounds during school hours for the express purpose of attending their school-sanctioned programming. Students are to travel directly from their campus to their off-site location in accordance with all procedures set forth by the campus administration and main office.

PEANUT AWARE SCHOOLS

Perspectives Charter Schools are peanut-aware schools. Any foods containing nuts or nut products brought into our schools may result in an allergic reaction due to the severity of nut and peanut allergies. We encourage all families to ensure that no one brings any foods containing any type of nut onto campus. This extends to school events, field trips, etc.

INCLEMENT WEATHER

If weather is extreme, please check local news or radio stations for Chicago Public School closings. PCS will close in accordance with CPS closures. The staff at Support Hub of Perspectives (SHOP), respective school principal and/or office manager will also contact parents through SchoolReach, notifying parents/guardians of school closings.
Medication Policy

Perspectives staff (e.g., school principal, assistant principal, dedicated care aid) and the school appointed nurse, where applicable, must be informed of any prescription medication that is required to be taken during school hours, or carried on the student at all times. Under no circumstances may students be in the possession of any medication, prescribed or over the counter. To supervise the dispensing of the medication, the school must receive:

- A signed authorization from the student’s parent/guardian.
- For any self-administered medication, a written doctor’s note explaining how and when the student will self-administer.
- For self-carry medications (asthma medication and EpiPens), information regarding if the student will self-carry.
- A written doctor’s note explaining the type of prescription medication the student will need to take during school hours, the frequency, and its dosage.
- Inhalers, EpiPens, nebulizers, and prescription medications marked with the student’s name.
- For diabetes management, information from the treating physician regarding guidelines for insulin dosing.
- The original prescription label, provided by the parent to the school, with the student’s name, the name of the medication, the dosage, the frequency of administration, the expiration date (medication must not be expired), and the medication’s side effects, as well as the student’s physician’s name and telephone number.

Medication turned in without the original prescription container will be locked up in the school’s main office and will not be dispensed to the student. A parent/guardian will be requested to pick up the unmarked medication as it will not be returned to the student. Students may carry an inhaler or EpiPen on them at all times, as long as the above required documents are on file in the student's medical folder. Only those medications as determined by the physician, which are absolutely necessary for the health and well-being of the student in school, shall be administered during school hours. In non-emergency situations, the school nurse or a staff member trained by the nurse will supervise the student to self-administer the medication. Medications, other than EpiPens and asthma inhalers, should not be held or administered by the student.

PHYSICALS AND IMMUNIZATION RECORDS

All 6th and 9th grade students must submit proof of a health examination and immunizations at the beginning of the school year. In addition to 6th and 9th grade students, any student entering Perspectives Charter Schools out of medical compliance, or from an out-of-state educational site, is required to submit a current Illinois health examination and immunization records prior to starting school. Any child entering the 12th grade shall show proof of having received two doses of meningococcal conjugate vaccine prior to entering the 12th grade, per Illinois State law.
Students who fail to submit the required health examination and immunization documentation (and who are not otherwise exempt from such requirements under Illinois law) will be excluded from school until such time as the student presents proof of the health examination and required immunizations.

**DENTAL AND VISION REQUIREMENTS**

Illinois law requires that all students in Grade 6 have a dental examination and present proof of such examination by May 15th each year. Additionally, all 8th grade PCS students new to the district and students receiving special education services must submit proof of an eye examination by October 15th. Students who fail to provide proof of a dental or eye examination or to establish that they are otherwise exempt from those requirements may have their report cards withheld until the student complies. All documentation must be submitted to the school’s main office.
Mandatory Parent/Teacher/Student Conferences and Report Card Pick-Up

Perspectives Charter Schools will have three (3) mandatory Parent/Teacher/Student Conferences each year. Conferences will be scheduled before the first day of school, and at the end of the 1st and 3rd quarters, to facilitate open communication between parents, teachers, and students regarding expectations and student progress. Please refer to the school calendar for specific dates.

At the end of the 1st and 3rd quarters, parents/guardians are expected to pick up their child’s report card on the designated dates. If an emergency prevents attendance at the conference, it is expected that the parent/guardian make arrangements with the school to meet within one week of the scheduled date. Parents/guardians and students must both attend each conference.

Informal conferences or conversations may also be scheduled with teachers and/or school leaders at any time throughout the year. Parents/guardians are expected to attend scheduled meetings. Should an emergency arise, the schools ask that parents/guardians contact the school office to reschedule.
Transportation

Perspectives Charter Schools provides transportation through Chicago Public Schools for eligible students who participate in designated programs for which school bus transportation is available. Eligible students means Perspectives students who require transportation due to a disability or a chronic health condition documented in their IEP or 504 plan, which prevents them from transporting to and from school in the same manner as their non-disabled peers.

All parents or legal guardians of eligible students must submit documentation annually to support the need for transportation services, to be addressed in the student's IEP or 504 plan.

Upon request, schools will provide parents with forms for requesting a school bus stop location change. Parents and legal guardians may request a change in the bus stop location when they believe their children will be forced to cross busy streets that reasonably constitute a safety hazard. Requests shall be forwarded to the Chicago Public Schools Bureau of Student Transportation which will determine if a safety hazard exists that warrants changing the student's assigned school bus stop location. Also upon request, schools will provide parents with forms for requesting sibling transportation. Bus service for siblings of eligible students is provided on a space available basis only and approved through Chicago Public Schools Bureau of Transportation. Parents and legal guardians must apply annually at the school attended by the eligible student(s) for sibling bus service. Siblings and eligible students shall use the same bus service pick-up site. Sibling access to bus service shall end at the time the eligible student no longer receives such service to his or her school. The school will inform parents or guardians of any approval or denial of transportation requests.

Should a bus stop change request be denied by the Chicago Public Schools Bureau of Transportation because it determines that the assigned location does not pose a safety hazard, then parents or legal guardians may appeal the decision within seven (7) school days. No appeal shall be allowed when the Bureau denies a request due to non-safety factors such as overcrowding at the requested bus stop site.

Staff members are discouraged from transporting students in private vehicles. If use of a private vehicle is the only feasible method of travel, use of a private vehicle is acceptable under the following conditions:

- The total number of passengers is 10 or fewer.
  - This number must include the driver and every effort should be made for an additional adult to be in the vehicle so that no staff member is alone with students.
- The private vehicle must be a motor vehicle designed to carry no more than 10 passengers (including the driver), with functioning seatbelts for each person.
- Transportation of students or staff in 15-passenger vans is expressly prohibited.
- No more passengers (including the driver) may be transported in the private vehicle than the vehicle was designed to carry.
• Any person requesting to transport students in a private vehicle must receive prior written approval from the principal and the parents or legal guardians of the students being transported.
• The principal shall ensure that any driver of the vehicle holds a valid driver’s license, and liability insurance of $300,000 for a vehicle manufactured to transport up to six passengers or $500,000 for a vehicle manufactured to transport more than six passengers.
  ○ If an additional adult will be accompanying the trip but not driving, this documentation is not required for that adult.
• The principal must retain a photocopy of the driver’s license and insurance documentation

Perspectives abides by rideshare policies outlined by companies such as Uber and Lyft and will not utilize such services for students.
Enrollment, Registration, and Transfers

LOTTERY

On a predetermined date in February, a public lottery for all grades other than 9th grade, will be held to determine admission to PCS for applications received by a predetermined deadline at Perspectives Charter Schools Central.

All rising 9th graders will be admitted through the GoCPS universal high school application.

Applicants are invited to attend the lottery if they choose. The lottery is network-wide and not specific to one Perspectives campus. Once an applicant has been accepted through the lottery, they may enroll at the campus of their choice based on seat-availability. Seats are available on a first come, first serve basis.

Admission to PCS is based on the applicant successfully completing their previous years’ grade. Rising 10th, 11th and 12th grade students must submit transcripts for principal approval prior to enrollment to confirm that proper credits have been earned and student is on-track to graduate on time.

All applications received prior to the established deadline will be eligible for participation in the admissions lottery. Applications received after the lottery will be held on a numbered waitlist until open enrollment begins, depending on offers extended and seat availability.

INTENT TO RETURN

Once a student enrolls in Perspectives Charter Schools, he or she is guaranteed a space for the following year as long as the Intent to Return Form (Rising grades 7, 8, 10, 11, 12) or the High School Selection Form (Rising grade 9) is completed. To secure a student's place in the Perspectives Charter School Network, the parent/guardian may be required to complete the Intent to Return Form or High Selection Form by Friday, April 20, 2019, if applicable. Students who do not complete the required forms by the requested due date may be added to school's current wait list, and may only be re-admitted if space becomes available. Attending the high school of the student's choice is not guaranteed if the High School Selection Form has not been completed by the deadline date.

ANNUAL REGISTRATION PROCESS

All parents will need to register their students for the 2019-2020 school year during the spring and summer months. Parents will be able to begin registration online in April 2019 and finalize registration in-person at their designated campus in the month of August. Perspectives will send more information regarding registration at the beginning of the summer. Unregistered students will not be allowed to start school until registration is completed. Students who have not completed registration prior to the first day of school may forfeit their seat. If the student should decide he or she wants to return to Perspectives Charter Schools, his or her name will be added
to the current wait list, with re-admittance if space becomes available. Ninth-grade students that do not register prior to the first day of school will be projected to his or her neighborhood high school unless otherwise notified by the parent/guardian.

Transfer Policy

TRANSFERRING OUT OF PERSPECTIVES

Parents/guardians may transfer their student from the Perspectives Charter Schools Network for any reason. Proper notification (e.g., at least two days in advance) is requested and allows Perspectives the time to process the necessary transfer paperwork and prepare the student’s records for transition.

To complete a transfer, the school will need parents/guardians to make settlement, and provide the following information:

- Acceptance letter from the school to which the child will be transferring
- Complete address, unit number, phone number, and fax number for the new school
- Make settlement of all outstanding instructional fees and meal balances
- Return all books, athletic uniforms, and equipment to Perspectives
- Signed transfer form, completed at the school's main office

All fees must be paid or settled when students transfer from Perspectives. In the event that a student returns to Perspectives, and there is an open balance, parent/guardian is responsible for previous balance and the new school year balance.

The only exception to this policy is the 9th grade transfer window through GoCPS, which allows only for safety transfers outside of the specified transfer windows set by Chicago Public Schools.

INTERNAL STUDENT TRANSFERS

Internal Student Transfers are reviewed on a case-by-case basis by the staff of Perspectives Charter Schools. A student may have the opportunity to transfer at the beginning of a school year, internally, to another campus if he or she is on track to graduate, meets the requested school's academic and discipline requirements, and if space is available. Unfortunately, Perspectives cannot guarantee that internal transfers will be readily available for all interested students due to space restrictions.

Internal Student Transfers should be completed and turned in to the school office prior to the 2019-2020 Annual Lottery, held in February each year. Next year's lottery date is scheduled for Friday, February 15, 2019. Families will be notified by the Director of Student Recruitment once a decision is made. If the number of Internal Student Transfers received for an individual
campus exceeds the number of open spaces available, Perspectives Charter Schools will conduct an internal blind lottery to fill those seats.

Requests received after the 2019-2020 Annual Lottery will be placed on the pending wait list, and reviewed once offers have been made to lottery participants.

The staff of Perspectives Charter Schools strongly discourages students from enrolling at a campus under the sole pretense of transferring to a different campus, as these transfers can never be guaranteed.
Cell Phone and Electronic Device Policy

Perspectives Charter Schools values student learning and engagement and seeks all opportunities to ensure students grow academically and through A Disciplined Life®. To this end, we do not want students distracted from learning through being on phones for any purpose not directed by the teacher.

To accommodate the growing parental concerns about student safety while traveling to and from school, Perspectives Charter Schools will allow students to possess cell phones only in locked lockers, on school grounds, as long as the following rules are strictly adhered to:

The use of cell phones and other personal electronic devices (including, but not limited to tablets, digital cameras, laptops, headphones, smart watches, ipods, and pagers, or any other electronic device deemed not appropriate for school use) in the school building, during normal school hours (including outgoing calls, incoming calls, text messaging, camera use, data use, game-playing, or any other use), or when representing Perspectives Charter Schools, is strictly prohibited. This includes the classrooms, lunchroom, hallways, and bathrooms, field studies and internships, during assemblies and with guest speakers unless the school has specifically stated otherwise. Cell phones and personal electronic devices should be turned off and in a locked locker as long as the student is in the building or attending a school-level event. If a student is found using a cell phone or personal electronic device between the aforementioned hours, teachers, disciplinarians, and/or school administrators will confiscate the cell phone or personal electronic device and lock it up in the school office for the remainder of the day. Continued abuse of this privilege will result in disciplinary action and privileges will be revoked.

Students serving detentions or in-school suspensions are prohibited from using a cell phone or personal electronic device while serving his or her detention or in-school suspension. Cell phones and personal electronic devices should be turned off and put in a locked locker during detention or turned into a dean or member of administration during in-school suspension. If a student is found using a cell phone or electronic device while serving a detention or in-school suspension, teachers, disciplinarians and/or a school administrator will confiscate the cell phone or electronic device and additional consequences will be issued. Students can retrieve cell phones and personal electronic devices after detention or in-school suspension. Continued abuse of this privilege will result in disciplinary action and privileges will be revoked.

PHONE MESSAGES TO STUDENTS

To alleviate unnecessary interruption of classroom instruction, only messages that are of an emergency nature will be accepted and delivered to students. Parents/guardians should continue to call the school for any emergency situation, and Perspectives staff will contact your child. Do not try to contact them by cell phone during school hours as their cell phones will be locked in their lockers. Any evidence showing that a student is acting on or replying to phone
calls or messages received during school hours is a violation of school policy and may result in disciplinary actions.

It is strongly recommended that students NOT bring any valuable, portable electronic devices to school including, but limited to: such as iPods, tablets, laptops, digital cameras, Apple Watches or handheld games. Perspectives is not responsible for the theft, loss of any personal property including, but not limited to: money, clothing, shoes or damage to cell phones or any other personal electronic devices brought into the school. School officials are not responsible for searching, reviewing camera footage, investigating, or interrupting class, to recover any lost or stolen personal property.

Consequences for students who violate the Cell Phone and Electronic Device Policy include:

- Consequences
- Detention
- Confiscation of electronic device

If the device is confiscated and turned over to the school’s main office, students can retrieve the device from the school office at the end of the day.

The use of camera phones and digital cameras is strictly forbidden in private areas, such as, locker rooms, washrooms, dressing areas, classrooms, and offices at any time. Such use may also be in violation of the criminal code.
Locker Search Policy

Lockers are provided to students for the storage of their books and personal effects. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. Lockers are the property of the school and may be subject to random searches or searches based on reasonable suspicion by school officials at any time.
Student Uniforms

Perspectives Charter Schools is very serious about academic focus and engagement and growing in A Disciplined Life®. We guard against distractions that can slow that process. To that end, students are required to wear a school uniform daily, beginning with the first day of school each year.

For students at our Perspectives Leadership Campus (Middle Academy, Leadership Academy, and Tech), parents will have the opportunity to purchase their uniform shirt from the school’s main office prior to the students’ first day.

Field Studies

As we prepare students for life, we use the city as a classroom and expose students to multiple learning opportunities in the community. Students attend 5-10 field studies each year, for a total of 35-70 experiences by the time they graduate.

Technology

Perspectives has a technology-rich curriculum, in which students use computer labs or mobile computing for math and literacy instruction. This occurs typically in wireless, high-speed computing environments. All students are provided with a Perspectives email address and are encouraged to check it daily. Students and their parents/guardians have online access to grades and homework assignments using the school's student information system PowerSchool.

Career Shadowing

Perspectives provides internships or job shadow day for all juniors to allow them to participate in real-world work environments related to their career interests. A student's internship experience is shaped by the ways in which they demonstrate A Disciplined Life® in a holistic manner within the Perspectives community, and having an internship offsite requires meeting the principles of A Disciplined Life® ©. Students are responsible for getting to and from his or her internship on the scheduled days, unless otherwise arranged by Perspectives Charter Schools and the student's mentor.

Out-of-Area Trips

Middle School students may participate in an overnight camping trip or an extended day class trip to visit historical or state government sites.

High School students may participate in college tours to visit colleges and universities in Illinois and surrounding states as part of the Perspectives “College-for-Certain” program.

Please be aware that trip departure and return times vary by campus, and may fall outside regular school day hours. Students will leave from school the morning of the trip. Return times vary based on individual trips.

Participation in all student trips is an essential part of the Perspectives experience. Students are expected to participate in all field studies, educational events, and trips related to their specific grade.
Students and/or their parents/guardians may decide to undertake fundraising activities to be able to plan more elaborate trips. The budgets for these trips will be increased once all mandatory instructional fees have been paid and additional funds have been secured.
ACADEMIC POLICIES
Perspectives Charter Schools Academic Policy

PURPOSE

The purpose of this policy is to provide a clear explanation of Perspectives Charter Schools' academic expectations for students and families, to help motivate students to succeed academically, and to provide to students who are failing academically the structure necessary for success.

This structure is called Academic Probation, and will allow a student to identify the cause(s) of his or her poor academic performance, and attempt to provide him or her with the resources to improve.

ACADEMIC PROBATION

Any high school student who earns lower than a 2.0 GPA on a quarterly report card will automatically be placed on Academic Probation (does not apply to cumulative or semester GPAs) for a minimum of one quarter.

High school students must earn a higher GPA on the next quarterly report card and show improved academic progress. In addition to the loss of privileges associated with Academic Probation, such as being prohibited from attending student events and participating in athletics, the student may not earn sufficient credits to be advanced to the next grade. Normal progression, through the Perspectives grades with the student’s cohort, is an essential part of the Perspectives experience.

Middle school students must successfully pass all core classes, content classes, including A Disciplined Life® and Passages (taken in 8th grade), to be promoted to the next grade. If the student fails one or more classes for two (2) quarters, the student will be required to attend summer school. At that time, the student must pass all summer classes to be promoted at the end of summer school into the next grade.

In addition to the above, Perspectives Charter Schools provides interventions to students via multi-tiered systems of supports.

GRADING POLICY

Perspectives Charter Schools believes that every child is capable of achieving academic success. Our grading policy is founded on the belief that when students achieve mastery and gain the knowledge they need, they have a better likelihood of being successful in college and in life.
PURPOSE OF GRADING POLICY:

- Provide specific guidelines for grading to teachers, students, and parents
- Promote continuity and consistency for grading policies throughout the PCS network
- Increase the clarity of academic communication between home and school

FACTORS THAT INFLUENCE GRADING

The Use of Zeros – See “Fair Isn’t Always Equal” Wormelli (137-140)
Wormeli notes, “Few aspects of grading cause as much consternation among teachers as this one…It’s wrong, we think, to give students points when they didn’t do anything—in fact, it’s cheating. This is a very understandable conclusion on the part of teachers, but it’s incorrect” (137). Indeed, we are not giving students something for nothing; we are increasing the chances
that our final grades are a mathematically justified indicator of student mastery. At Perspectives, grades (As, Bs, Cs, Ds) are determined within 10 point intervals, why should an F have a 60 point interval? It shouldn’t. The use of zeros is especially problematic when working on a 100 point scale as a zero “has an undeserved and devastating influence, so much so that no matter what the student does, the grade distorts the final grade as a true indicator of mastery. Mathematically and ethically this is unacceptable” (138). Recognizing the truth in Wormeli’s words, we subscribe to the following theories about grading unacceptable or missing work.

- If a student makes a reasonable attempt on an assignment or assessment, but does not achieve mastery, the student will be issued a 50%.
- If the student makes no attempt at all, they will be issued a 40%. Examples of non-attempt include only writing name on paper, absent, assignment/assessment not turned in, assignment/assessment plagiarism.
- How do we communicate this to our students? Failure is failure; a fifty is no better than a zero and the work must be resubmitted! Douglas Reeves is famous for saying “The penalty for not doing the work should not be a zero; it should be doing the work.” Thus, we must continually communicate that the work must be completed and offer clear expectations for how students can complete the work.

**Retakes:** At Perspectives Charter Schools, all students have the opportunity to retake summative and formative assessments. The number of times/timeline a student can retake an assessment is individually determined by school leadership.

**Late/Missing Work:** Students have the opportunity to turn in late or missing work. The timeline and/or penalty for turning in late or missing work is individually determined by school leadership.

**Advisory Grades:** Students at Perspectives Charter Schools receive a pass/fail grade for their advisory class.

**D/F Reports for Diverse Learners:** At Perspectives Charter Schools, teachers are required to formally document all modifications and accommodations given, communication dates to parents, and rationalization for a D or an F semester grades for all students Individualized Education Plans.

**Homework Policy**

Homework is considered an integral part of the educational process. Success at Perspectives Charter Schools requires students to be well organized, disciplined, and to come to class prepared to learn each day. Homework is defined as written or non-written tasks assigned by a teacher to be completed outside the classroom. These assignments should complement class work and be relevant to the curriculum. Homework is a natural extension of the school day and an important part of a child’s educational experience. Homework encourages self-discipline,
pride in one's work, positive self-esteem, and an interest in learning. Incomplete and missing homework may negatively impact a student's grade. In the event of an absence, students are responsible for getting work that they may have missed. After returning from an absence, students must take initiative to make the necessary arrangements for the completion of all missed assignments. The amount of time for the completion will be at the discretion of the teacher.

PCS students who do not complete homework on time will, at the discretion of the teacher, receive reduced points on the assignment, directly affecting their grade. In addition to loss of grade, students may be required to attend homework club or detention. If students do not attend homework club or detention, a parent conference may be required.

+In most cases, 1 credit is equivalent to 1 year in a particular course. However, there are courses in which 1 credit may be earned in a single semester. These courses included, but are not limited to: Healthy Lifestyles, Literacy Elective, and some other electives.

+++Perspectives students that participate in the Chicago Builds program (a vocational education course) may substitute one Chicago Builds credit for a foreign language credit if scheduling limitations do not allow the student to participate in both.

+++Electives can contain but are not limited to: Healthy Lifestyles, STEM, Fine Arts, Literacy etc.
High School Graduation Requirements: Extracurricular Activities

All students are required to participate in at least two (2) credits for Extracurricular Activities. Students earn a half-credit of Extracurricular Activities when they participate in a semester-long after-school program. A student must attend 80% of the sessions to earn the credit. Extracurricular Activities take place after school on one or two days, between Monday and Thursday. Examples of Extracurricular Activities include:

- Student Government
- Debate Team
- Dance Team
- Step Team
- Tech Club
- Culinary Arts
- Art Club
- Fashion Club

Participation in athletics counts for one (1) credit of the Extracurricular Activities requirement. One season earns a half-credit. PCS will grant up to one credit for students who hold an after-school job and work ten or more hours a week. A verification form must be completed by the employee. The student can earn a half-credit per semester worked. Students may also submit a request to receive a credit for extracurricular activities that are non-school sponsored (e.g., church youth groups or clubs or teams sponsored by other organizations). Request forms can be retrieved from the school office. All requests must be approved by the principal. Students may also earn Extracurricular Activities credits by participating in a meaningful summer program. Each summer program can earn the student a half-credit. Students must submit the summer program verification form to receive credit.

Students participation in after school activities and athletics is based upon detention completion. Students who have 10 or more unserved detentions will not be allowed to participate until detentions have been served.

High School Graduation Requirements: Healthy Lifestyles Activities

All students are required to work toward living a healthy lifestyle as part of their commitment to living A Disciplined Life®. To graduate, students must earn two (2) Healthy Lifestyle credits. Students may earn a half credit in the following ways:

- One season of participation on an athletic team.
- One semester of participation on the Dance or Step team.
- Attending ten (10) after-school healthy lifestyle classes (availability varies per campus.)
- Participation in a 5K (student must submit verification form).
PCS offers weekly healthy lifestyle classes (availability varies per campus) that students can attend unscheduled. Examples of these classes may include:

- Zumba
- Yoga
- Pilates
- Weightlifting

Students may also submit a request to receive a credit for Healthy Lifestyles Activities that are non-school sponsored (e.g., non-school sponsored sports leagues or dance teams). Students with medical conditions prohibiting participation in physical activity may appeal for an alternative earning of credits.

High School Graduation Requirements: 11th Grade Career Shadow

All Perspectives juniors participate in an internship or job shadow experience. A student’s internship is shaped by the ways in which they demonstrate A Disciplined Life® © within the Perspectives community. Students must complete the attendance and project requirements in order to graduate.

These requirements include:

- Students attend their internship/job shadow 100% of the time unless absence is excused by principal
- Students complete career survey
- Students create a résumé
- Students complete career research paper
- Students complete final reflection essay

Students who do not pass the internship/job shadow program during their junior year will be required to submit a request for alternative internship credit.

Walking at High School Graduation

A student can walk across the stage at graduation only if the following is true: the student has met all of the school's graduation requirements with regards to classes, credits, and extracurricular activities, in addition to demonstrating the principles of A Disciplined Life® . Students with disabilities, regardless of their academic standing at the end of the year, may participate in graduation ceremonies, in accordance with Brittany's Law. See network policies for additional information.
Network Policies for Graduation, Milestone Events
(Prom, Luncheon, etc.)

Students must meet the following requirements to participate in Graduation, any milestone events such as prom, luncheon, or class trips:

- No Failing Core Classes including ADL
- All Detentions Must Be Served
- Completion of ALL projects
- No more than 18 days of absences in an academic school year
- No offense in regard to Embarrassment of PCS toward guest speaker, field study etc.
- Seniors and 8th grade scholars must be in attendance the day before Prom/Extended Field St in full of all student fees

Students can participate in an appeals process, which includes an application, obtaining letters of recommendation, and going in front of the review board, should they fail to meet any of the above requirements. Students who receive Level 3 suspensions the year of graduation, a milestone event, etc. must appeal for their events.

Cheating Notification

Cheating is a serious offense at Perspectives. This includes copying off of another person’s homework, copying answers from another student’s paper during a test, plagiarizing a paper or essay, not doing one’s own work, and creating cheat sheets, among others. Below is the official school policy on cheating.

Perspectives Charter Schools seeks to promote academic integrity. Neither cheating nor plagiarism is tolerated. If a student cheats or plagiarizes, he or she will receive a zero on that assignment, may be suspended for one day, and will be requested to return to school accompanied by a parent. A second offense will result in a roundtable meeting with Perspectives’ faculty and staff, the student, and a parent.
Character Support Code at Perspectives Charter Schools Overview

Our approach to discipline is rooted in a belief that the learning environment is sacred and that adherence to the 26 Principles of A Disciplined Life® is crucial for student academic as well as social-emotional success. We strive to ensure that every child is safe (physically, emotionally, mentally, and intellectually) and that every child has the chance to learn without needless disruptions. We have tremendously high expectations for scholarly behavior in order to create and preserve a focused learning environment.

At Perspectives Charter Schools, we believe that our community is vitally important. Families, students, and staff work together to create our school identity. We believe that using restorative practices, whether through conversation or action, is always imperative in shaping our students social-emotional development. Restorative practice seeks to build community, trust, and achieve social discipline through group learning and decision-making. The use of restorative practices at Perspectives Charter Schools will help to:

- strengthen our community
- improve student behavior
- reduce misbehavior, violence and bullying
- provide effective leadership
- restore relationships
- repair harm

Perspectives Charter Schools staff believe that creativity and excellence can flourish only within a structured academic setting. Efficient learning and superior teaching cannot take place if a great deal of instructional time is taken up with addressing misbehaviors. To that end, Perspectives Charter Schools requires teachers and scholars to adhere to a number of organizational routines that promote order, efficiency, good behavior, and attention to task.

Within this structured environment, Perspectives Charter Schools expects all students to live A Disciplined Life®. When a student fails to meet the principles of A Disciplined Life® to the extent that it has an impact on the school overall on students’ ability to learn, disciplinary actions may become necessary. At Perspectives Charter Schools, A Disciplined Life® applies to actions of students during school hours, traveling to and from school, while on school property, at all Perspectives sponsored events, field studies, internships, community action projects, all programs held at Perspectives Charter Schools and when the actions affect the mission or operation of Perspectives Charter Schools.

In addition, Perspectives Charter Schools provides ongoing professional development to teachers, administrators, board members, school security officers, and staff on adverse
consequences of school exclusion and justice-system involvement, classroom management, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive school climate.

The following pages outline the consequences of negative behaviors by Perspectives students, concluding with the additional procedures applicable to students with disabilities. Common language heard in schools regarding behaviors may include Scholar Dollars, merits, demerits, infractions, incentives, or consequences.

Notwithstanding the chart below, PCS reserves the right to impose other consequences as may be appropriate on a case-by-case basis. All consequences are awarded on a case by case basis and no consequence is automatic.

Discipline Intervention Process

Perspectives Charter Schools is a place with high expectations and many scholars need additional support to meet our expectations. We provide this support through our Discipline Intervention Process (DIP), which is embedded in our Social Emotional Multi-tiered Systems of Supports. It begins once (1) we notice a scholar consistently struggling to adhere to the discipline code or (2) the scholar is suspended for a level 3 infraction behavior. We require that everyone involved in a child’s success participate in consequences assigned to their child in order to gain their support and understanding of the problems that continue to arise. Our goal is to provide additional support and interventions to promote positive behavior change because we want every child to succeed. We recognize that some of our scholars may need a different and specialized approach, and we provide this with DIP. The DIP follows these steps:

**HEART TO HEART:**

A Heart to Heart (H2H) is a student-led meeting with the scholar, parent/guardian, advisory teacher, advisory classmates, and/or content teachers. Scholars receive a H2H when they are repeatedly earning demerits for the same infractions, repeatedly earning referrals, and suspension(s). A H2H is organized and co-facilitated by the scholar’s advisory teacher and the dean. The team creates a 30-day data-based contract in which the scholar sets measurable 30-day goals and each stakeholder determines their roles and support in supporting these goals. The team meets again in 30 days to determine if scholar met goals.

- If goals were met, the DIP ends.
- If goals were not met, but progress is made, the H2H continues.
- If goals were not met, DIP proceeds to a Roundtable.

**ROUNDTABLE:**

A Roundtable is a dean-led meeting with the scholar, parent/guardian, and often the assistant principal or principal. The dean arranges the meeting, sets measurable, data-based, 30-day goals, and determines the stakeholders’ roles and support in supporting these goals. All Roundtable students are offered evidence-based behavioral supports.

- If goals were met, the DIP ends.
- If goals were not met, but progress is made, the Roundtable continues.
- If goals were not met, DIP may proceed to expulsion.

Additional social emotional interventions are data driven and implemented on a case by case basis in accordance with our multi-tiered system of supports procedures.
Disciplinary Code

Pursuant to the Perspectives Staff-Student-Parent Agreement, failure to comply with the school’s culture of A Disciplined Life® may result in a recommendation for detention, suspension and expulsion from school. In the hopes of changing the current issues at hand, students not modeling ADL will be provided with intervention and support that may include one or more of the following prior to detention, suspension and expulsion.

- Redirections
- Consequences
- Counseling
- Restorative Practices
- Discipline Intervention Process

DETENTION

Students who choose not to adhere to the ADL principles may be required to serve one (or more) of the following types of detention during non-instructional times. Length of detention may vary based on severity of the behavior. Which may include, but are not limited to the following based on school discretion:

Please contact your school administration for further details and hours:

1. Morning Detention
2. Lunch Detention
3. After School Detention
4. Friday Detention
5. Saturday Detention

In detention, students will abide by the following rules:

1. Students will be under the supervision of the staff at all times in detention.
2. Students should not sleep, listen to music, or talk during detention.
3. Students breaking detention rules will be removed from detention and will not earn credit for the detention and may receive additional consequences depending on the severity of the infraction.
4. Students may complete their assignments, study, or reflect.

Students who have not served all detentions prior to the end of the semester may receive an incomplete for their A Disciplined Life® Class.

Students who have not served all detentions prior to the end of the school year may be required to serve the detentions by attending summer school in order to earn credit for their A Disciplined Life® class.

0-40 detentions earned in one school year. Students may be promoted or graduate as long as
they serve all detentions.

40 and above: detentions earned in one school year: Students may only be promoted or graduate if they pass a Summer Bridge Class. Student must attend all sessions of Summer Bridge. All detentions must be served in order to promoted or graduate.

**SUSPENSION**

Suspensions may occur when a student exhibits actions based on the Behavior Issues and Responses chart, but will be limited to the greatest extent practicable, and used only for circumstances when there is a threat to school safety or the student’s behavior is a disruption to other students’ learning. Parents/guardians will honor suspensions and ensure that their child does not come to school or on school grounds while serving an out-of-school suspension. As part of the student’s re-entry after a suspension, the parent/guardian will be requested to accompany the child upon the day on which the student returns to school, or have formal communication with school administrators prior to the student’s return. Other supports may also be included in a student’s re-entry plan back to school depending on the length of the time the student is excluded from school.

When a student’s misconduct results in the need to suspend and/or recommend an expulsion hearing for the student, the following procedures shall be followed: Student and guardian shall be given oral and written notice of the charges against him/her; an explanation of the basis for the accusation; and a chance to present his or her version of the incident.

Parents will be notified immediately of the suspension. Parents will have the right to review a suspension. Upon a parent’s request to review a suspension, the Board or appointed Hearing Officer for Perspectives will review the suspension and share findings with the parents.

Students will be provided an opportunity to make up any work missed during a suspension for equivalent academic credit.

Students who are suspended will be provided with a re-engagement plan to assist them in transitioning back to school after the suspension.

**DURATION OF SUSPENSION**

**Suspensions of 1-3 Days**

Suspensions of 1-3 days may be issued only if the student’s presence poses a threat to school safety OR a disruption to other’s learning opportunities. Such suspensions will be determined on a case-by-case basis. For these suspensions, the school will provide notice to the family which will include: (1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension and 5) the parent’s right to review the suspension decision.
Suspensions of 4 Days
Suspensions of 4 days may be issued only if other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspectives. For these suspensions Perspectives will provide notice to the family which will include:

(1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension (5) documentation of whether any behavioral or disciplinary interventions were attempted or whether Perspectives determined there were no appropriate or available interventions and (6) the parent’s right to review the suspension decision

Suspensions of 5-10 Days
Suspensions of 5-10 days may be issued only if other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspectives. For these suspensions Perspectives will provide notice to the family which will include:

(1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension (5) documentation of whether any behavioral or disciplinary interventions were attempted or whether the school determined there were no appropriate or available interventions (6) whether appropriate and available support services are to be provided or whether Perspectives determined that there were no appropriate or available supports for the student and (7) the parent’s right to review the suspension decision
The following acts of misconduct are some examples of when a student may be subject to a maximum ten-day suspension and may be subject to a referral for expulsion hearing:

Persistent refusal to follow the stated school procedures (i.e., a student has had several incidents requiring suspension; or, the student is consistently in violation of school consequences such as detention or homework class; or the student is a consistent disruption to the educational process, even after having a Heart-to-Heart or Roundtable, and a 30-day probationary time period.

- Assault and/or battery of a student or school employee
- Arson
- False fire alarm
- Possession of weapons, look alike weapons, or another object if used or attempted to create bodily harm.
- Destruction of school property

All suspension notices will be given to the Board. Students will be able to make-up work missed during a suspension for equivalent credit.

**EXPULSION FROM PERSPECTIVES CHARTER SCHOOLS**

Expulsion Hearing:

There may be times when a student's behavior is severe and detrimental to the safety and well-being of Perspectives that the student may be recommended for expulsion, which may result in forfeiture and termination of his or her right to attend Perspectives Charter Schools. A recommendation for expulsion will only be made if all other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspective. If a student is expelled from Perspectives Charter Schools, it will be for a definite period of time. Such determination will be based on a case by case basis, and limited to a max of two calendar years.

The Board will only expel if the school has attempted other alternatives to expulsion first, and such actions have not altered the behavior or for very serious gross misconduct. As mandated by state law, Perspectives must expel students for at least one year, and up to two years, adjusted on a case by case basis, for bringing the following objects to school: firearm or look alike firearm, knife, brass knuckles or other knuckle weapon, billy club, and/or any object used to attempted to be used to cause bodily harm.

It is the responsibility of all of us to first take the necessary measures to prevent expulsions, before recommending one, because we keep the scholar's interests in our minds at all times.

When a student is recommended for expulsion, the following procedures will be followed:

**Request for Hearing**
When a school is considering an expulsion for a scholar the school Principal will request expulsion hearing approval from the Perspectives Intervention Support Team. The Team will review documentation and make a recommendation on whether an expulsion is warranted. If the expulsion hearing is granted, the scholar will have an Expulsion Hearing before the Board of Perspectives or an appointed

**Hearing Officer.**

**Timely Notice**
The student must be provided timely notice of the expulsion hearing so that the student may prepare a defense. Perspectives constitutes timely notice as three business days.

**Parent Notification**
Notice to the student's parents (or guardian, if applicable) about an expulsion hearing must be sent by registered or certified mail. The notification shall also include: 1) the time, place, and date for the hearing, 2) a brief description of what will happen during the hearing, 3) the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion, 4) the student’s prior suspensions, 5) the fact that the School Code allows for expulsion for a definition period of time not to exceed two calendar years as determined on a case by case basis and 6) an inquiry as to whether the student will be represented by counsel and if so, for notification of this fact prior to the hearing.

**Orderly Hearing and Right to Confront and Cross-Examine Witnesses**
The proceeding must be before an impartial tribunal. The school board or a hearing officer appointed by the Board conducts the expulsion hearing. The administration may submit evidence to support the alleged student misconduct including, but not limited to, misconduct reports, written statements by witnesses, admissions and evidence as deemed appropriate. As a general rule, the student must be allowed an opportunity to present evidence and cross-examine the witnesses presented by the school administration or who provide witness statements. The hearing will be recorded. The formal rules of evidence do not apply. School officials must provide (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate or available interventions were available for the student, and (2) evidence of the threat or substantial disruption posed by the student. The student and his or her parent or guardian may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.

**Findings**
A written summary of the evidence shall be prepared by the school board or a hearing officer appointed by the board. Perspectives Charter Schools will have its Board, or designated member of the Board, or a subset of the “the Board,” approve all expulsions, within 10 days of the hearing. In determining the length of the expulsion, the Board shall consider (1) the egregiousness of the student’s conduct; (2) the history of the student’s past conduct; (3) the likelihood that such conduct will affect the delivery of education for other students; (4) the
severity of the punishment; and (5) the student’s best interests. If it is determined that expulsion is appropriate, the student’s parent/guardian will be notified of this decision in writing within ten school days of the hearing. The notice will: (1) detail the specific reason why removing the student from his or her learning environment is in the best interest of the school; (2) provide a rationale for the specific duration of the recommended expulsion, as well as the rationale for any suspension that preceded the expulsion; (3) document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student; (4) document how the student’s continuing presence in school would pose a threat to the safety of other students, staff, or members of the school community or substantially disrupt, impede or interfere with the operation of the school; and (5) document whether available and appropriate support services were offered or provided during the suspension and if they were not offered or provided document that none were available. Such notice will also be provided to the Chicago Public Schools (CPS), Director of the Office of Student Adjudication. All students expelled will be referred to CPS in order to satisfy the requirement that such students be provided with an appropriate education in an alternative education setting.

**Appeals**

The parent/guardian may appeal Perspectives Charter School’s final determination of expulsion by submitting a written appeal letter to the Chief Executive Officer of Perspectives Charter Schools within two school days of the determination. The Chief Executive Officer will review the appeal letter and expulsion summary report and make a decision on the appeal within two school days of receipt and notify the parent of the determination. Any appeals received on or after the third school day of the determination will not be honored.

**Suspension and Expulsion of Students with Disabilities**

A special education student will not be disciplined for misconduct which was caused by, or had a direct and substantial relationship to, the child’s disability; or the direct result of the school’s failure to implement the individual education plan (IEP). A student may be suspended up to 10 school days in one school year. Prior to the 11th cumulative day of suspension a Manifestation Determination Review (MDR) will be convened. Consequences for special education or disabled students will be adjusted, as required by federal and state laws and regulations, and the student’s IEP or accommodations, when necessary.

**PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS [1]**

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to
participate with nondisabled peers to the same extent as specified in the IEPs, in-school suspensions and lunch detentions do not count toward the 10-day limit. Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the CPS Department of Procedural Safeguards and Parental Supports (773-553-1905) is absolutely necessary. Without such consultation and approval from the CPS Department of Procedural Safeguards and Parental Supports, the 10 school day limit on out of school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, the following apply:

The school must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing. School must also provide parent/guardian/surrogate with a written copy of the Notice of Procedural Safeguards.

The IEP team must:

A. Determine whether the misconduct is related to the student’s disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student’s IEP. The behavior is a manifestation of the student’s disability if:
   a. the conduct in question was caused by the student’s disability or has a direct and substantial relationship to the student’s disability; and/or
   b. the conduct in question was the direct result of the school’s failure to implement the student’s IEP.

B. Review, and revise if necessary, the student’s existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined.

If the student’s behavior is not a manifestation of the disability, school officials may apply the code of conduct, taking into consideration the student’s special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing a free and appropriate public education.

If the student’s behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with a free and appropriate public education.
All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.

[1] All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with 504 plans.
Parent-Teacher Advisory Committee

The Board and/or a designee of the Board will establish annually and consult with a parent-teacher advisory committee for discipline, search/seizure, and bullying prevention policy development. Such policies and procedures otherwise not documented in the student handbook will be provided to parents within 15 days of the start of school and students shall be informed of contents as well.
Perspectives Charter Schools Healthy Meals Program

Perspectives Charter Schools, a participant in the National School Lunch and Breakfast Programs, serves nutritious meals each school day. All students are provided with Breakfast and Lunch at no charge.

Each year all families must complete the CPS Family Income Information Form (FIIF) before the start of school. The student's meal benefits are good for one year, starting October 1, through the following September 30. All applications must be completed during the registration process. Applications that are turned in incomplete must be revised no later than October first of each school year. CPS Family Income Information Form (FIIF) will be verified by the Illinois State Board of Education and Chicago Public Schools.

All meals served must meet the U.S. Department of Agriculture (USDA) meal requirements. However, if a child has been determined by a doctor to have a disability or food allergy, and the disability or food allergy would prevent the child from eating the regular school meal, the school will make substitutions prescribed by the doctor. If a substitution is needed, there will be no extra charge for the meal. If a parent/guardian believes his or her child needs substitutions because of a disability or food allergy, they are encouraged to contact the school for further information.

The student can bring a bag lunch to school as long as it follows the healthy choice guidelines (no soda, candy, chips, or unhealthy sugar based snacks of any kind).

Perspectives Charter Schools Athletic Policies and Procedures have been prepared to make information readily available to coaches, student-athletes, and parents, as well as make athletics at Perspectives Charter Schools successful.

Perspectives has pledged its support to the Athletic Department by providing resources to maintain the facilities and equipment at each campus. It is the responsibility of the student-athlete to preserve and use these items in good judgment.

After reading these policies and procedures, the student-athlete and parent/guardian should sign the handbook acknowledgment form at the back of the student handbook. These signatures indicate that the student-athlete and parent/guardian agree and will comply with the policies and procedures described within. The parent/guardian signature also serves as permission for their son or daughter to participate on an athletic team.

**PHILOSOPHY**

The overall philosophy of Perspectives Charter Schools Athletic Department is consistent with its unique character-building curriculum A Disciplined Life®. This curriculum guides the school's efforts to address every student-athlete as a whole person, and provide him or her with skills that will support the transition to higher education and beyond. Perspectives teaches and reinforces the principles of A Disciplined Life® on and off the playing field.

**STUDENT-ATHLETE ACADEMIC ELIGIBILITY POLICY**

**High School Student-Athlete Eligibility**

Unless they are entering high school for the first time, high school student-athletes are eligible for athletic participation consideration if they have received credit for completing at least five (5) classes of high school work, as approved by Perspectives Charter Schools in the previous semester.

Additionally, high school student-athletes must achieve a 2.0 GPA or better, during their sports season and student-athletes must also have achieved a “C” or better in A Disciplined Life® class. These reports are received every ten (10) weeks. The prior quarter’s grades will be used to determine athletic eligibility for sports which start in the subsequent quarter. For sports
starting in Quarter 1, Quarter 4 grades from the previous year will be used to determine academic eligibility. For Quarter 2 and Quarter 4 grades, current semester ending grades can also be used to determine eligibility.

If a high school student-athlete does not meet the above requirements, he or she will be placed on athletic-academic probation, and will be allowed to practice, but must sit out any contests and not receive athletics-related early dismissals until he or she is meeting the above-mentioned eligibility.

Student-athletes on athletic-academic probation, with a GPA between 1.50 and 1.99, will be eligible for reinstatement after three (3) weeks.

Student-athletes on athletic-academic probation, with a GPA between 0.00 and 1.49, will have their athletic eligibility reviewed after five (5) weeks, once progress reports or quarter grades are released.

Student-athletes with a 2.0 GPA or better, and a grade lower than a “C” in A Disciplined Life® class, will be placed on athletic-academic probation and are eligible for reinstatement after three (3) weeks.

Students-athletes in season must pass all of their classes of high school work per week. Student-athletes not meeting all criteria will be ineligible for contests the following week and not receive athletics-related early dismissals during this time period.

9th grade high school student-athletes who are competing in athletics during Quarter 1 will have their academic eligibility determined after Quarter 1 grades have been released. Until that point, all 9th grade high school student-athletes are eligible for athletic participation.

Student-athletes with a cumulative grade point average below a 2.0 must have an Individual Study Plan (ISP) in place to address academic weaknesses. The ISP must be approved by the Principal and on file with the Perspectives Charter Schools Athletic Office and the Chicago Public School Sports Administration Office.

Middle School Student-Athlete Eligibility

Middle school student-athletes must be passing all classes with no more than one grade lower than a “C” on their end-of-quarter report cards. Student-athletes must also have achieved a “C” or better in A Disciplined Life® class. These reports are received every ten (10) weeks. The prior quarter’s grades will be used to determine athletic eligibility for sports which start in the subsequent quarter. For sports starting in Quarter 1, the Quarter 1 five-week progress reports will be used to determine academic eligibility.

If a middle school student-athlete does not meet the above requirements, he or she will be placed on athletic-academic probation, and will be allowed to practice, but must sit out any
contests and not receive athletics-related early dismissals until he or she is meeting the above-mentioned eligibility.

Student-athletes on athletic-academic probation with two (2) or more grades below a “C” will be eligible for reinstatement after 3 weeks.

Student-athletes who are passing all classes but do not have a “C” or better in A Disciplined Life® class will be placed on athletic-academic probation and are eligible for reinstatement after three (3) weeks.

**STUDENT-ATHLETE EXPECTATIONS**

Consistent with the principles of A Disciplined Life®, all student-athletes must:

- Take responsibility for your actions by understanding that athletic participation is a privilege, and as a student-athlete, you become a representative of Perspectives Charter Schools. As such, you are expected to behave in an appropriate manner, both on and off the field.
- Accept only quality work from yourself by realizing the importance of academic excellence and proper behavior. This includes:
  - Make up any missed work
  - Attend study tables or tutoring
  - Serve any detentions or other school discipline
  - Be a positive role model to all students in the school
  - Live a healthy lifestyle by not using or possessing tobacco, alcohol, steroids, or other illegal drugs.
  - Be positive and supportive of each other by encouraging your teammates and respecting all other participants including opponents, fans, coaches, and referees.
  - Respect each other’s differences by refraining from hazing, defined as any act of humiliation, or a rite of passage which causes or is likely to cause physical or mental harm or personal degradation of another student.

Any breach of the policies listed in the Student-Athlete Expectations section will result in a review of the student-athlete’s athletic eligibility. This review will be completed by school administration and the athletic director.

**EXPECTATIONS OF COACHES**

Coaches are responsible for:
- Maintaining, enforcing, and modeling the principles of A Disciplined Life®
● Informing parents/guardians and students in writing of the location and time of all practices and contests, team requirements, team fees, special equipment needs, and any summer program information
● Playing only eligible student-athletes
● Distributing, cataloging, and the collection of uniforms
● Being respectful to parents/guardians, student-athletes, and the student-athletes and coaches from other teams, and referees
● Their team being respectful to parents/guardians, student-athletes, and the student-athletes and coaches from other teams, and referees
● Other duties as determined by the athletic director or principal

EXPECTATIONS OF PARENTS/GUARDIANS

Parents/Guardians and coaches work together to help develop young men and women to become responsible, honorable adults. Winning and losing is secondary to student growth and development.

Parents/Guardians are invited to help build our teams by:

● Bringing enthusiastic and respectful fans to events
● Fundraising for team needs
● Counseling their child through the ups and downs of competition

Parents/Guardians are welcome to make an appointment with a coach to address questions or concerns. If a parent/guardian has trouble getting an appointment with a coach, or needs further clarification, they should contact the athletic director or principal. Please do not confront a coach before, during, or after a contest or practices.

PARENT/COACH COMMUNICATION

Sportsmanship starts with effective communication.

Communication to expect from your coach:

● Perspectives Charter Schools athletic philosophy
● Expectations for your child and fellow student-athletes
● Dates, locations, and times of all contests/practices
● Sport-specific requirements (e.g., specific fees and/or special equipment, summer program information)
● Procedures to be followed, should your child be injured during a contest/practice
● Discipline resulting in the reduction and/or elimination of your child’s participation

Communication expected from a parent/guardian:
- Concerns about your child’s behavior, treatment/mistreatment, expectations or the athletic philosophy (following procedures listed below)
- Ways to help your child improve
- Advanced notification of any schedule conflicts interfering with your child’s ability to participate in a contest/practice

Perspectives believes in partnering with our parents, yet there are some topics that are inappropriate to discuss with your child’s coach.

**Topics left to the discretion of the coach:**

- Your child’s playing time
- Strategies for the team
- Plays and referee calls
- Personal information about other student-athletes

**REPORTING A CONCERN**

Please do not confront a coach during a contest/practice. Call the Athletic Department to set up an appointment with your child’s coach. Come in during your scheduled appointment to discuss your concerns with the coach. If the coach does not provide satisfactory resolution, contact the athletic director to discuss the situation further and to set up a meeting. At this meeting, the appropriate next steps can be determined.

**PHYSICAL EXAM AND EMERGENCY CARDS**

To participate in athletics, a valid physical examination, a red emergency red card, and a blue parental consent card must be on file with the athletic department on or before the first day of try-outs/practice. Student-athletes will not be allowed to practice or try out until a valid physical is on file in the athletic department.

Per Illinois High School Association (IHSA) rules, the student-athlete’s physical examination must be performed by a licensed physician, physician’s assistant, or nurse practitioner as set forth in the Illinois State Statutes no more than 395 days prior to participation in any such practice, contest, or activity. Perspectives strongly encourages all individuals who plan to participate in interscholastic athletics to complete their physical exam between late June and early August. Completing the exam during this time will avoid ineligibility issues.

**ATHLETIC INJURIES & HEALTH INSURANCE**

Health insurance coverage for Perspectives Charter Schools student-athletes is the responsibility of the student-athlete’s parent/guardian. However, Perspectives Charter Schools student-athletes are covered under student accident insurance coverage. This coverage is
meant to be in excess of the student-athlete’s own medical insurance. If a student-athlete does not have health insurance coverage the student accident insurance can be utilized as primary coverage. Additionally, in accordance with “Rocky’s Law” Perspectives Charter Schools carries adequate catastrophic student accident insurance.

Perspectives Charter Schools realizes there are certain risks of physical injury through the participation in all athletic activities, and the parent/guardian must agree to assume the full risk of any and all injuries or damages, regardless of severity that the participant may sustain as a result of athletic participation. This understanding is detailed in the Athletic Department Parent/Guardian Waiver. The permission form must be completed and signed by the parent/guardian to allow their student-athlete to participate in athletics at Perspectives Charter Schools.

CUT POLICY

The number of student-athletes to be kept on an individual team will be determined by the coach and the athletic director prior to any cuts being made. Individual coaches shall have the sole responsibility of selecting the members of a team.

If the decision is made to cut students from a team, the following procedures will take place:

- Students will be informed that cuts will be made (e.g., announcements, posting on bulletin boards, etc.)
- At least two (2) practices will be required before cuts are made
- Coaches will determine what factors will be used to cut students
- (e.g., ability, attitude, work ethic, academic performance, etc.)
- Student-athletes will be informed of being cut in a way that will avoid personal embarrassment to the player (e.g., posted anonymously by number or letter code)

EQUIPMENT

Student-athletes are responsible for each item of equipment that is issued to him or her. Lost or stolen equipment must be paid for at the replacement cost. A student-athlete will not be allowed to receive awards, participate in a subsequent sport, or receive his or her diploma until the equipment record has been cleared. Student-athletes are strongly encouraged to not abuse the equipment. Much money is spent to supply the best equipment for their use and safety: please treat all equipment with respect.

Students have to sign a uniform/equipment release form before and at the conclusion of the season with all uniforms/equipment returned. Subsequently, if any uniforms/equipment are missing at season’s end, a return signature will not be allowed and the student will have a fee assessed to his student account for the amount of the uniform/equipment cost.
ATHLETIC TRANSPORTATION

Please be aware of Perspectives Charter Schools' policy concerning the transportation of student-athletes to and from competitions. Perspectives Charter Schools provides transportation to and from all athletic contests. All student-athletes are required to use school transportation. Student-athletes may not participate in an away contest if they drive themselves to the event or if they use alternate transportation without prior permission from the coach. In extenuating circumstances, parents/guardians may need to drive their own children to or from a contest; but coaches need written notification and approval from the coach, granted in advance.

Parents/guardians and/or relatives of student-athletes are encouraged to attend all home and away contests in an effort to show school support. Transportation for parents/guardians and/or relatives is the responsibility of the parent/guardian and/or relative and not that of Perspectives Charter Schools. Perspectives does not provide additional transportation, and it is strictly prohibited for parents/guardians and/or relatives to ride on school-provided transportation with student-athletes. Students will be chaperoned while riding in school-provided transportation by their coaches.

AWARDS

Athletic awards are given on the basis of participation, loyalty, cooperation, and excellence in performance. Each sport your child participates in has specific award expectations. Prior to the start of the season, coaches will review award expectations with student-athletes.

PERFORMANCE-ENHANCING SUBSTANCE TESTING POLICY

As an IHSA member school, any Perspectives Charter School student who participates in an IHSA-approved or sanctioned athletic event is subject to Performance-Enhancing Substance (PES) Testing. A full copy of the testing program, a listing of the banned drug classes, and other related resources can be accessed on the IHSA Sports Medicine website - http://ihsa.org/Resources/SportsMedicine.aspx

IHSA PES Testing Program

IHSA Banned Drug Classes
CONCUSSION PROTOCOL

Any student-athlete who is suspected of sustaining a concussion or head injury shall be removed from participation or competition at that time. When so removed from participation or competition the student-athlete is then subject to the Perspectives Charter Schools Post-Concussion Return-To-Learn and Return-To-Play Guidelines. Student-athletes must adhere to these guidelines to ensure their return to learning and athletic participation is completed in a medically recommended and structured manner. (reference to procedures of RTL and RTP elsewhere)

All high school student-athletes participating in athletics at Perspectives are required to take the concussion baseline test (IMPACT) prior to the first contest of their respective season. This spans football, cheer, volleyball, wrestling, basketball, baseball, softball, and track and field at the high school level. The test must be completed once each school year.

Multi-sport athletes that have taken the concussion baseline test (IMPACT) in an earlier season are not required to take the baseline in the subsequent season.

i.e., if a student participated in football in the fall and completed the concussion baseline test, they are not required to take the concussion baseline test if they join the baseball team in the spring

Concussion Information for Parents

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion, and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of a concussion, or if you notice the symptoms or signs of a concussion yourself, seek medical attention right away.
Symptoms may include one or more of the following:

<table>

<tr>
<th>Headaches</th>
<th>Amnesia</th>

What can happen if my child keeps on playing with a concussion or returns too soon?
Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the student-athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a
concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents, and students is the key to student-athlete safety.

If you think your child has suffered a concussion:

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches, or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches, prior to returning to play or practice following a concussion, or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy.

Parents/guardians should also inform their child’s coach if they think their child may have a concussion. Remember: it is better to miss one game than miss the whole season. When in doubt, the athlete sits out. For current and up-to-date information on concussions you can go to:

Student Record Information

NOTICE CONCERNING STUDENT RECORDS

The Illinois School Student Records Act ("ISSRA"), the federal Family Educational Rights and Privacy Act ("FERPA"), and the regulations issued pursuant to these laws require that the Board of Directors of Perspectives Charter Schools ("Perspectives") adopt a Student Records Policy ("Policy"). The Board of Directors has adopted a Policy and implementing Procedures which are available upon request from the school office.

Perspectives maintains both a permanent and temporary record for each student. The permanent record consists of basic identifying information concerning the student, his or her parents’ names and addresses, the student’s gender and date/place of birth, academic transcript, attendance record, health record, unique student identifier, scores received on all State assessment tests administered in grades 9-12, and a record of release of this information. It may also contain a record of honors and awards received, information concerning participation in school sponsored activities and organizations.

The temporary record consists of all other records maintained by Perspectives concerning the student and by which the student may be individually identified. It must contain a record of release of information contained in the temporary record, scores received on the State assessment tests administered in the elementary grade levels (K-8), a completed home language survey form, information regarding serious disciplinary infractions (i.e., those involving drugs, weapons, or bodily harm to another) that resulted in punishment or sanction of any kind, biometric information, information regarding an indicated report pursuant to the Abused and Neglected Child Reporting Act, 325 ILCS 5/8.6, health-related information, and accident reports.

A parent, or any person designated as a representative by a parent, has the right to inspect and copy the student’s permanent and temporary records except as limited by the Policy or state or federal law. A student has the right to inspect or copy his or her permanent record. (All rights of the parent become the exclusive rights of the student upon the student’s 18th birthday, graduation from secondary school, marriage, or entry into military service, whichever comes first.) In order to review the student’s record, a parent must make a written request to Perspectives. The request will be granted within fifteen (15) school days after the date of receipt of the request. Perspectives may charge a fee [not to exceed $0.35 per page] for copies of the record. This fee will be waived when the parent is unable to pay.

Perspectives may be required to release information contained in student records without parental notice or consent to the following individuals or in the following circumstances:

- to a Perspectives or State Board of Education employee or official with a demonstrable educational or administrative interest in the student. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff
member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility;

- to any person for the purpose of anonymous research, statistical reporting or planning;
- in an emergency situation, if necessary to people’s health and safety;

- to the Illinois Department of Healthcare and Family Services for purposes of school breakfast and lunch programs; or
- pursuant to a court order where a parent of a student is named in the court order.

Perspectives may also be required to release student records without parental consent to the following individuals or in the following circumstances, as long as parents/guardians are first notified of their right to inspect, copy or challenge the contents of the records to be released:

- to the records custodian of a school to which the student is transferring;
- pursuant to a court order where a parent of a student is not named in the court order;
- to any person as specifically required by law; or

Perspectives prohibits the disclosure by school employees to any person against whom the District has received a certified copy of an order of protection the location or address of the petitioner for the order of protection or the identity of the schools in which the petitioner’s child or children are enrolled. Perspectives shall maintain the copy of any order of protection in the record of the child or children enrolled in the District whose parent is the petitioner of an order of protection. In addition, no person who is prohibited by an order of protection from inspecting or obtaining school records of a student pursuant to the Illinois
Domestic Violence Act of 1986 shall have any right of access to, or inspection of, the school records of that student.

A parent has the right to request the removal from their child’s academic transcript of one or more scores received on college entrance examinations by submitting this request in writing to their school’s Official Records Custodian. Contact your school’s Office Manager for details. In the written request, the parent must state the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

A parent also has the right to challenge or seek amendment to any entry in the student’s school record, except for (1) grades; (2) name and contact information of Perspectives Official Records Custodian; and (3) references to expulsions or out-of-school suspensions, if the challenge to expulsions or suspensions is made at the time the records are forwarded to another school to which the student is transferring. Parents may challenge or seek amendment to a student’s school record by claiming that the record is inaccurate, irrelevant, improper, misleading, or violative of the student’s privacy rights. Perspectives’ Student Records policy, and its accompanying Administrative Procedures, provide for hearing and appeal procedures and an opportunity to include a statement in the record discussing or explaining any entry. To challenge a record or entry, the parent must contact the Official Records Custodian. Parents may obtain a copy of Perspectives’ Student Records Policy by contacting their school Office Manager.

The Policy also provides timelines for the destruction of records. Parents will be notified of the destruction schedule of the student’s records at the time of graduation, transfer, or permanent withdrawal from the District. Permanent records are kept for sixty (60) years after the student leaves the District. Temporary records are kept for the period of their usefulness to the school, but in no case less than five (5) years after the student leaves a Perspectives Charter School. Student temporary records are reviewed by the District every four (4) years or when a student changes attendance centers. A parent has the right to copy any student record, or information contained in it, proposed to be destroyed or deleted.

The law allows school districts to designate certain information as “Directory Information,” which consists of identifying information. Perspectives has designated the following as Directory Information: [Note: PCS may choose to designate all, some or none of the following as directory information] the student’s name, address, gender, grade level, birth date and place, and his/her parents’ names, mailing addresses, electronic addresses, and telephone numbers; academic awards, degrees and honors received; information relating to school-sponsored activities, organizations, and athletics; major field of study; and period of attendance in the school. Directory Information also includes photograph, videos, or digital images used for informational or news-related purposes of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications. However, photographs highlighting individual faces and used for commercial purposes require prior, specific, dated, and written consent of the parent or student, as applicable. An image on a school security
videotape recording is not Directory Information. Further, student social security numbers or student identification or unique student identifiers are not Directory Information.

[Perspectives does not release Directory Information] or [Perspectives will release Directory Information to the general public from time to time, including by way of a school directory to be issued ______________, a student yearbook to be issued ______________, unless a parent informs Perspectives within ten (10) days of this Notice that information concerning his or her child should not be released, or that the parent desires that some or all of this information not be designated as Directory Information. In addition, the District will release a student’s name, address, and telephone listings to military recruiters and institutions of higher education upon their request unless you advise us to the contrary in writing.]

Finally, no person may condition the granting or withholding of any right, privilege or benefit or make as a condition of employment, credit or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under the ISSRA or regulations.

If you believe that Perspectives has violated or is violating this policy, you have the right to file a complaint with the United States Department of Education concerning the District’s alleged violation of your rights.

Concussion Prevention and Management

Dear Parent/Guardian:

You are receiving this letter regarding the concussion prevention and management tool the Perspectives Charter Schools Athletic Department will be using going forward. We recently partnered with ImPACT Test to help us with this process. Throughout the school year all high school student-athletes will be taking a computerized baseline ImPACT assessment. The test is 100% computer based and takes no more than 30 minutes to complete. If a student-athlete receives a concussion they will need to take an ImPact post-concussion assessment before being cleared to return to athletics. Below is additional information on the ImPACT Test tool product. Please contact me with any additional question.

Regards,

Tiray Jackson

IMPACT

What is ImPACT? ImPACT (Immediate Post-Concussion Assessment and Cognitive Testing) is the first, most-widely used, and most scientifically validated computerized concussion evaluation system. ImPACT was developed in the 1990s to provide useful information to assist qualified practitioners in making sound return to play decisions following concussions.

Why use ImPACT? Given the inherent complexities of concussion management, it is important to manage concussions on an individualized basis and to implement baseline testing and/or post-injury neurocognitive testing whenever possible. Neurocognitive assessment can help to objectively evaluate the concussed athlete's post-injury condition and track recovery for safe return to play, thus preventing the cumulative effects of concussion. In fact, neurocognitive testing has been called the "cornerstone" of proper concussion management by an international panel of sports medicine experts.

Who is currently using ImPACT? Some of the individuals using ImPACT include all of MLB, NHL, NFL and WWE. Over 7400 high schools, 1,300 colleges and universities, 1,200 clinical centers, 225 professional teams, select military units, Cirque du Soleil, New Zealand and South African rugby teams also use ImPACT.

ImPACT is NOT:

- A diagnostic test, ImPACT is one tool that can be used by medical professionals to help measure an individual's recovery from a concussion
- A one step solution to concussions
- A preventative tool, nothing can prevent concussions
CONSENT FOR COGNITIVE TESTING and RELEASE OF INFORMATION

I give my permission for _________________________________ ______________________________

to have a post-concussion ImPACT® (Immediate Post-concussion Assessment and Cognitive Testing) administered at Perspective Charter Schools. I understand that my child may need to be tested more than once, depending upon the results of the test, as compared to my child’s baseline test, which is on file at Perspective Charter Schools. I understand there is no charge for the testing.

Perspective Charter Schools may release the ImPACT (Immediate Post-concussion Assessment and Cognitive Testing results to my child’s primary care physician, neurologist, or other treating physician, as indicated below.

I understand that general information about the test data may be provided to my child’s guidance counselor and teachers, for the purposes of providing temporary academic modifications, if necessary.
