Perspectives Attendance Policy

All students must attend school each day. If a student is going to be late or absent, the parent/guardian must call the school or email a school administrator before 8:00 a.m. to let the school office know of their child’s tardiness or absence.

The following reasons may be sufficient cause for an excused absence: student illness, family emergency, observance of a religious holiday, death in the immediate family, inclement weather which would be dangerous to the life or health of the student, legal quarantine, or emergency conditions as determined by school administration. If a parent/guardian does not call or email the school office with an explanation within 72 hours, the absence will automatically be considered unexcused. Perspectives requests that students who are absent for three (3) consecutive days or more submit a written doctor's note upon their return to school. Students will be given the opportunity to make up assignments for excused absences and during any suspension from school for equivalent credit. School Administration reserves the right to determine whether a tardy or absence will be excused or unexcused. Please note that even if an absence is excused, it still impacts your student’s annual attendance rate.

In the event that extraordinary circumstances require the student to be absent from school for an extended period of time, an action plan may be developed jointly by the teachers and the student's parent/guardian. The plan will define the length of the absence and the means by which the student will make up the work he or she will miss. The plan must be approved and signed by the Principal or Assistant Principal, or their designee prior to the student's absence.

In the absence of such plan, any student who has less than a 90% attendance rate at school during the school year, with the exception of medical absences, may be required to attend and successfully complete summer school, winter school, or spring school prior to the start of the subsequent school year. In such a situation, the school also reserves the right to have the student repeat his or her current grade.

TARDINESS

The following policy is intended to aid students in establishing the habit of punctuality, and to reduce the number of classroom disruptions which occur at the beginning of class.

TARDY TO SCHOOL

The following reasons are sufficient cause for late arrival:

- Doctor’s appointment (student(s) should return to school with a release/return notice from his or her doctor);
- Inclement weather, which would be dangerous to the life or health of the student,
- Religious observance;
• Student illness with a doctor’s note; and
• Emergency conditions, as determined by the school administration.

School Administration reserves the right to determine whether a tardy will be excused or unexcused. If you are struggling to get your student to school on time, or to school at all, please let school administrators and social workers know so we can provide any possible supportive services that may be available.

TARDY TO CLASS

Students must be in the classroom when the bell rings. The only exceptions are:

• Students detained by school staff, arriving to class with a pass from staff or the main office.
• Students detained for administrative reasons, arriving to class with a pass from staff or the main office.
• Students tardy to school, arriving to class with a pass from the main office.

If a student is abusing the tardy policy by being consistently tardy and/or disruptive, the teacher will refer the student to the school office for discipline.

SPECIAL EVENT, EXTRACURRICULAR, AND ATHLETIC PARTICIPATION ATTENDANCE

Perspectives Charter Schools’ students are encouraged to participate in special events, extracurricular, and athletic activities taking place throughout the network. Examples of such events are homecoming dance, junior and senior prom, drivers education, and sporting events. Students planning to participate in such events and activities must be in their scheduled classes the day of the event or activity in order to attend. Campuses may charge a fee for participation in special events, extra-curricular activities and athletics.

Students absent from school without sufficient cause on the day of the special event/activity will not be allowed to participate. Student-Athletes receiving less than 150 instructional minutes (less than a half day of school) will not be allowed to participate in athletic programs without sufficient cause for the absence. In addition to the above, any associated fees must be settled prior to a student participating in a special event or activity. Any students having outstanding fee balances may not be able to participate in special events or activities that are not covered by enrichment fees. Unless otherwise stated, all fees for special events or activities are non-refundable.

TRUANCY (UNEXCUSED ABSENCES)

Parents are reminded that it is their legal obligation to make certain their child is in school and on time. Perspectives Charter Schools will consider a student Chronic or habitual truant “if the
student is absent without valid cause from school for 5% or more of the previous 180 regular attendance days, and will begin truancy procedures,

The following steps will be taken in response to truancy:

**One through nine (1-9) Unexcused Absences**
The parent/guardian will be contacted by the school to discuss the unexcused absences and to ensure that the parent understands and complies with the expectations detailed in the Perspectives Charter Schools Staff-Student-Parent Agreement.

**Ten (10) Unexcused Absences**
A mandatory parent/guardian meeting will be held with the school leaders, the child's teachers, the parent/guardian, and the child in question. The school will mail out a ten-day absentee letter to the student's parent/guardian, and also notify the Office of Student Support and Enrollment (Attendance and Truancy) at Chicago Public Schools (CPS).

**DROPOUTS**
Perspectives Charter Schools and all of its employees are prohibited from encouraging students to drop out. Additionally, Perspectives strives to exhaust all available supports and services to help students remain in school.

**EARLY DISMISSAL**
If it is necessary for a student to be dismissed from school before the end of the school day, parents/guardians must notify the school's main office of the early dismissal. Parents may inform the school in person or by phone of the specific time of the dismissal and the name of the person who will be picking up the student from school. That person must be listed in PowerSchool. Only adults who are listed on the student’s emergency contact form as authorized adults will be allowed to confirm, sign out, and pick up students from the school’s main office. All authorized adults should be listed on the emergency contact form filled out during registrations.

Students under the age of 18 must be picked up and signed out from the main school office for early dismissal. They are not allowed to sign themselves out or leave without a parent, guardian, or emergency contact present. There are no exceptions to this policy.

Students over the age of 18 will be allowed to sign themselves out once the early dismissal is confirmed with a parent/guardian.

Everyone picking up students from school will be asked to provide the school's main office with a photo ID at the time of dismissal. Should a parent/guardian need to make changes to his or her emergency list, he or she should contact the school’s main office to update the Emergency Contact form. School administrators will deny the dismissal of a student to any person(s) not
listed as authorized as an emergency contact, or if additional confirmation is needed, as we take
student safety very seriously.

CLOSED CAMPUS

Perspectives Charter Schools has a closed campus policy. This means that students are to remain on school grounds during school hours, including lunch time. No food is to be delivered to campus. The only time a student may leave prior to dismissal is after being checked out of school from the main office by an authorized adult or if the student has a legitimate academic program enrollment - such as Chicago Builds, dual enrollment, etc. In the latter instance, students may leave school grounds during school hours for the express purpose of attending their school-sanctioned programming. Students are to travel directly from their campus to their off-site location in accordance with all procedures set forth by the campus administration and main office.

PEANUT AWARE SCHOOLS

Perspectives Charter Schools are peanut-aware schools. Any foods containing nuts or nut products brought into our schools may result in an allergic reaction due to the severity of nut and peanut allergies. We encourage all families to ensure that no one brings any foods containing any type of nut onto campus. This extends to school events, field trips, etc.

INCLEMENT WEATHER

If weather is extreme, please check local news or radio stations for Chicago Public School closings. PCS will close in accordance with CPS closures. The staff at Support Hub of Perspectives (SHOP), respective school principal and/or office manager will also contact parents through SchoolReach, notifying parents/guardians of school closings.
Medication Policy

Perspectives staff (e.g., school principal, assistant principal, dedicated care aid) and the school appointed nurse, where applicable, must be informed of any prescription medication that is required to be taken during school hours, or carried on the student at all times. Under no circumstances may students be in the possession of any medication, prescribed or over the counter, without prior authorization by Perspectives staff. To supervise the dispensing of the medication, the school must receive:

- A signed authorization from the student’s parent/guardian.
- A written doctor’s note explaining the type of prescription medication the student will need to take during school hours, the frequency, and its dosage.
- The original prescription label, provided by the parent to the school, with the student’s name, the name of the medication, the dosage, the frequency of administration, the expiration date (medication must not be expired), and the medication’s side effects, as well as the student's physician’s name and telephone number.
- For any self-administered medication, a written doctor’s note explaining how and when the student will self-administer.
- For self-carry medications (asthma medication and epinephrine auto-injectors) a written doctor’s note explaining how and when the student will self-carry and self-administer.
- Inhalers, epinephrine auto-injectors, nebulizers, and prescription medications marked with the student’s name.
- For diabetes management, information from the treating physician regarding guidelines for insulin dosing.
- Non-prescription medications must be supplied in the original container and must be accompanied by written consent from parent/guardian.

Medication turned in without the original prescription container will be locked up in the school’s main office and will not be dispensed to the student. A parent/guardian will be requested to pick up the unmarked medication as it will not be returned to the student. Students may carry an inhaler or epinephrine auto-injector on them at all times, as long as the above required documents are on file in the student's medical folder. Only those medications as determined by the physician, which are absolutely necessary for the health and well-being of the student in school, shall be administered during school hours. In non-emergency situations, the school nurse or a staff member trained by the nurse will supervise the student to self-administer the medication. Medications, other than epinephrine auto-injectors and asthma inhalers, should not be held or administered by the student.

Perspectives and all of its campuses, employees and agents are exempt from liability or professional discipline, except in the case of willful or wanton conduct, as a result of any injury arising from the administration of asthma medication, an EpiPen, or an opioid antagonist.
Parents/guardians must sign and return an acknowledgment of this policy prior to administration of medication during school hours/activities.

**PHYSICALS AND IMMUNIZATION RECORDS**

All 6th and 9th grade students must submit proof of a health examination and immunizations no later than October 15th of the current school year. In addition to 6th and 9th grade students, any student entering Perspectives Charter Schools out of medical compliance, or from an out-of-state educational site, is required to submit a current Illinois health examination and immunization records prior to starting school. Any child entering the 12th grade shall show proof of having received two doses of meningococcal conjugate vaccine prior to entering the 12th grade, per Illinois State law.

Students who fail to submit the required health examination and immunization documentation (and who are not otherwise exempt from such requirements under Illinois law) will be excluded from school until such time as the student presents proof of the health examination and required immunizations.

**DENTAL AND VISION REQUIREMENTS**

Illinois law requires that all students in Grade 6 have a dental examination and present proof of such examination by May 15th each year. Additionally, all 8th grade PCS students must submit proof of an eye examination by October 15th. Students who fail to provide proof of a dental or eye examination or to establish that they are otherwise exempt from those requirements may have their report cards withheld until the student complies. All documentation must be submitted to the school’s main office.
Mandatory Parent/Teacher/Student Conferences and Report Card Pick-Up

Perspectives Charter Schools will have three (3) mandatory Parent/Teacher/Student Conferences each year. Conferences will be scheduled before the first day of school, and at the end of the 1st and 3rd quarters, to facilitate open communication between parents, teachers, and students regarding expectations and student progress. Please refer to the school calendar for specific dates.

At the end of the 1st and 3rd quarters, parents/guardians are expected to pick up their child’s report card on the designated dates. If an emergency prevents attendance at the conference, it is expected that the parent/guardian make arrangements with the school to meet within one week of the scheduled date. Parents/guardians and students must both attend each conference.

Informal conferences or conversations may also be scheduled with teachers and/or school leaders at any time throughout the year. Parents/guardians are expected to attend scheduled meetings. Should an emergency arise, the schools ask that parents/guardians contact the school office to reschedule.
Transportation

GENERAL TRANSPORTATION

Perspectives addresses the transportation needs of its students in the manner set forth in its Charter by means including, but not limited to: coordinating with Chicago Public Schools to provide transportation for any students with disabilities who have Individualized Education Programs ("IEPs") in which transportation is required; participating in the state’s Parent/Guardian State Pupil Transportation Reimbursement Program; providing Chicago Transit Authority reduced fare permits or cards to students based on income qualifications; assisting parents in the development of car pool plans; and/or working with students and their parents to highlight the best routes to and from school via public transportation, expressways and streets. Students eligible for transportation assistance in accordance with the McKinney-Vento Homeless Assistance Act (42 U.S.C. §11431 et seq., as amended) may be eligible for transportation fares in coordination with the CPS Students in Temporary Living Situations Department.

TRANSPORTATION FOR STUDENTS WITH DISABILITIES OR CHRONIC HEALTH CONDITIONS

Perspectives Charter Schools provides transportation through Chicago Public Schools for eligible students who participate in designated programs for which school bus transportation is available. Eligible students are defined as Perspectives students who require transportation due to a disability or a chronic health condition, as documented in their IEP or 504 plan, which prevents them from traveling to and from school in the same manner as their non-disabled peers. Parents/legal guardians are required to submit documentation annually to support the need for transportation services, which will then be addressed in the student's IEP or 504 plan.

Upon request, schools will provide parents with forms for requesting a school bus stop location change. Parents and legal guardians may request a change in the bus stop location when they believe their children will be forced to cross busy streets that reasonably constitute a safety hazard. Requests shall be forwarded to the Chicago Public Schools Bureau of Student Transportation. The Bureau will determine if a safety hazard exists to warrant changing the student's assigned school bus stop location. Should a bus stop change request be denied by the Chicago Public Schools Bureau of Transportation because it determines that the assigned location does not pose a safety hazard, then parents or legal guardians may appeal the decision to CPS Chief Operating Officer or designee within seven (7) school days (see CPS Policy 702.6 for more information on the appeals process). No appeal shall be allowed when the Bureau denies a request due to non-safety factors such as overcrowding at the requested bus stop site.

Also upon request, schools will provide parents with forms for requesting sibling transportation. Bus service for siblings of eligible students is provided on a space-available basis only and must be approved by the Chicago Public Schools Bureau of Transportation. Parents and legal
guardians must apply annually at the school attended by the eligible student(s) for sibling bus service. Siblings and eligible students shall use the same bus service pick-up site. Sibling access to bus service shall end at the time the eligible student no longer receives such service to his or her school. The school will inform parents or guardians of any approval or denial of transportation requests.

TRANSPORTATION PROTOCOLS

Private Vehicles Staff members are discouraged from transporting students in private vehicles. If use of a private vehicle is the only feasible method of travel, use of a private vehicle is acceptable under the following conditions:

- The total number of passengers is 10 or fewer. This number must include the driver and every effort should be made for an additional adult to be in the vehicle so that no staff member is alone with students.
- The private vehicle must be a motor vehicle designed to carry no more than 10 passengers (including the driver), with functioning seatbelts for each person.
- Transportation of students or staff in 15-passenger vans is expressly prohibited.
- No more passengers (including the driver) may be transported in the private vehicle than the vehicle was designed to carry.
- Any person requesting to transport students in a private vehicle must receive prior written approval from the principal and the parents or legal guardians of the students being transported.
- The principal shall ensure that any driver of the vehicle holds a valid driver’s license, and liability insurance of $300,000 for a vehicle manufactured to transport up to six passengers or $500,000 for a vehicle manufactured to transport more than six passengers.
- If an additional adult will be accompanying the trip but not driving, this documentation is not required for that additional adult.
- The principal must retain a photocopy of the driver’s license and insurance documentation.
Enrollment, Registration, and Transfers

LOTTERY

On a predetermined date in February, or otherwise allowed by law, a public lottery for all grades other than 9th grade, will be held to determine admission to PCS for applications received by a predetermined deadline at Perspectives Charter Schools Central.

All rising 9th graders will be admitted through the GoCPS universal high school application.

Applicants are invited to attend the lottery if they choose. The lottery is network-wide and not specific to one Perspectives campus. Once an applicant has been accepted through the lottery, they may enroll at the campus of their choice based on seat-availability. Seats are available on a first come, first serve basis.

Admission to PCS is based on the applicant successfully completing their previous years’ grade. Enroller must provide proof of guardianship and proof of Chicago residency. In addition, for rising 10th, 11th, and 12th grade students, transcripts must be submitted for principal approval prior to enrollment to confirm that proper credits have been earned and student is on track to graduate on time.

All applications received prior to the established deadline will be eligible for participation in the admissions lottery. Applications received after the lottery will be held on a numbered waitlist until open enrollment begins, depending on offers extended and seat availability.

BIRTH CERTIFICATE

Within thirty days of enrollment, parent/guardian must provide a certified copy of the student’s birth certificate. If parents/guardians do not provide the birth certificate, the school will immediately notify the Department or local law enforcement agency of such failure, and shall notify the person enrolling the child in writing that he has 10 additional days to comply.

INTENT TO RETURN

Once a student enrolls in Perspectives Charter Schools, he or she is guaranteed a space for the following year as long as the Intent to Return Form (rising grades 7, 8, 10, 11, 12) or the High School Selection Form (rising grade 9) is completed subject to residency requirements and discipline terms. To secure a student's place in the Perspectives Charter School Network, the parent/guardian may be required to complete the Intent to Return Form or High Selection Form, if applicable. Students who do not complete the required forms by the requested due date may be added to the school's current wait list, and may only be re-admitted if space becomes available. Attending the high school of the student's choice is not guaranteed if the High School Selection Form has not been completed by the deadline date.
ANNUAL REGISTRATION PROCESS

All parents will need to register their students for the 2020-2021 school year during the spring and summer months. Parents will be able to begin registration online in the spring and finalize registration in-person at their designated campus prior to start of school. Perspectives will send more information regarding registration at the beginning of the summer. Unregistered students will not be allowed to start school until registration is completed. Students who have not completed registration prior to the first day of school may forfeit their seat. If the student should decide he or she wants to return to Perspectives Charter Schools, his or her name will be added to the current wait list, with re-admittance if space becomes available. Ninth-grade students that do not register prior to the first day of school will be projected to his or her neighborhood high school unless otherwise notified by the parent/guardian.

Transfer Policy

TRANSFERRING OUT OF PERSPECTIVES

Parents/guardians may transfer their student from the Perspectives Charter Schools Network for any reason. Proper notification (e.g., at least two days in advance) is requested and allows Perspectives the time to process the necessary transfer paperwork and prepare the student’s records for transition.

To complete a transfer, the school will need parents/guardians to make settlement, and provide the following information:

- Acceptance letter from the school to which the child will be transferring;
- Complete address, unit number, phone number, and fax number for the new school;
- Make settlement of all outstanding enrichment fees and meal balances;
- Return all books, athletic uniforms, and equipment to Perspectives; and
- Signed transfer form, completed at the school's main office.

All enrichment fees must be paid or settled when students transfer from Perspectives. Perspectives reserves the right to withhold the student’s final transcript pending payment of enrichment fees. In the event that a student returns to Perspectives, and there is an open balance, parent/guardian is responsible for previous balance and the new school year balance.

The only exception to this policy is the 9th grade transfer window through GoCPS, which allows only for safety transfers outside of the specified transfer windows set by Chicago Public Schools.

INTERNAL STUDENT TRANSFERS

Internal Student Transfers are reviewed on a case-by-case basis by the staff of Perspectives Charter Schools. A student may have the opportunity to transfer at the beginning of a school year, internally, to another campus if he or she is on track to graduate, meets the requested
school's academic and discipline requirements, and if space is available. Unfortunately, Perspectives cannot guarantee that internal transfers will be readily available for all interested students due to space restrictions.

Internal Student Transfers should be completed and turned in to the school office prior to the 2020-2021 Annual Lottery, held in February each year. Next year's lottery date is scheduled for Friday, February 14, 2020. Families will be notified by the Director of Student Enrollment once a decision is made. If the number of Internal Student Transfers received for an individual campus exceeds the number of open spaces available, Perspectives Charter Schools will conduct an internal blind lottery to fill those seats.

Requests received after the 2020-2021 Annual Lottery will be placed on the pending wait list, and reviewed once offers have been made to lottery participants.

The staff of Perspectives Charter Schools strongly discourages students from enrolling at a campus under the sole pretense of transferring to a different campus, as these transfers can never be guaranteed.
Cell Phone and Electronic Device Policy

Perspectives Charter Schools values student learning and engagement and seeks all opportunities to ensure students grow academically and through A Disciplined Life®. To this end, we do not want students distracted from learning through being on phones for any purpose not directed by the teacher.

To accommodate the growing parental concerns about student safety while traveling to and from school, Perspectives Charter Schools will allow students to possess cell phones only in locked lockers, on school grounds, as long as the following rules are strictly adhered to:

The use of cell phones and other personal electronic devices (including, but not limited to tablets, digital cameras, laptops, headphones, smart watches, iPods, or any other electronic device deemed not appropriate for school use) in the school building, during normal school hours (including outgoing calls, incoming calls, text messaging, camera use, data use, game-playing, or any other use, or when representing Perspectives Charter Schools, is strictly prohibited. This includes the classrooms, lunchroom, hallways, and bathrooms, field studies and internships, during assemblies and with guest speakers unless the school has specifically stated otherwise. Cell phones and personal electronic devices should be turned off and in a locked locker as long as the student is in the building or attending a school-level event.

If a student is found using a cell phone or personal electronic device between the aforementioned hours, teachers, disciplinarians, and/or school administrators will confiscate the cell phone or personal electronic device and lock it up in the school office for the remainder of the day. Continued abuse of this privilege will result in disciplinary action and privileges will be revoked.

Students serving detentions or in-school suspensions are prohibited from using a cell phone or personal electronic device while serving his or her detention or in-school suspension. Cell phones and personal electronic devices should be turned off and put in a locked locker during detention or turned into a dean or member of administration during in-school suspension. If a student is found using a cell phone or electronic device while serving a detention or in-school suspension, teachers, disciplinarians and/or a school administrator will confiscate the cell phone or electronic device and the student may be subject to additional consequences or ADL interventions outlined in the chart found on page 51. Students can retrieve cell phones and personal electronic devices after detention or in-school suspension. Continued abuse of this privilege will result in disciplinary action and privileges will be revoked.

Phone Messages to Students

To alleviate unnecessary interruption of classroom instruction, only messages that are of an emergency nature will be accepted and delivered to students. Parents/guardians should continue to call the school for any emergency situation, and Perspectives staff will contact your child. Do not try to contact them by cell phone during school hours as their cell phones will be
locked in their lockers. Any evidence showing that a student is acting on or replying to phone
calls or messages received during school hours is a violation of school policy and may result in
disciplinary actions.

It is strongly recommended that students NOT bring any valuable, portable electronic devices to
school including, but limited to: such as iPods, tablets, laptops, digital cameras, Apple Watches
or handheld games. Perspectives is not responsible for the theft, loss of any personal property
including, but not limited to money, clothing, shoes or damage to cell phones or any other
personal electronic devices brought into the school. School officials are not responsible for
searching, reviewing camera footage, investigating, or interrupting class, to recover any lost or
stolen personal property.

Consequences for students who violate the Cell Phone and Electronic Device Policy include:

- Consequences
- Detention
- Confiscation of electronic device

If the device is confiscated and turned over to the school’s main office, students can retrieve the
device from the school office at the end of the day.

The use of camera phones and digital cameras is strictly forbidden in private areas, such as,
locker rooms, washrooms, dressing areas, classrooms, and offices at any time. Such use may
also be in violation of the criminal code.

Per the Acceptable Use of Electronics Agreement found on page 98 of this handbook, students
are responsible for any theft or damage (intentional or accidental) to any technology device at
Perspectives. If such damage occurs, students will be charged for replacement of the
technology device or the cost of repairs therein. Approximate costs for repairs or replacements
include but are not limited to:

- Chromebooks: $375
- HP Probooks: $500
- Acer Netbooks: $275
- Replacement Screen: $50
- Replacement Keyboard: $35
- Replacement Hinge Cover: $25

Costs of repairs or replacement may vary over time.
Locker Search Policy

Lockers are provided to students for the storage of their books and personal effects. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. Lockers are the property of the school and may be subject to random searches or searches based on reasonable suspicion by school officials at any time.
Student Uniforms

Perspectives Charter Schools is serious about academic focus and engagement and growing in A Disciplined Life®. We guard against distractions that can slow that process. To that end, students are required to wear a school uniform daily, beginning with the first day of school each year.

For students at our Perspectives Leadership Campus parents will have the opportunity to purchase their uniform shirt from the school’s main office prior to the students’ first day.

For students at our Joslin and IIT/Math and Science Academy campuses, parents will have the opportunity to purchase their first uniform shirt from our school uniform vendor. All uniform shirts can be purchased at Zemsky’s (4187 S Archer) http://www.zemskys.com/.

The purpose of school uniforms is to create a professional environment that is focused on learning. If a second temporary ID card is requested in the same quarter, the student will be required to purchase a replacement ID at the cost of $3.00. If the student does not have the $3.00 to pay for the replacement ID, the cost of the replacement ID will be added to his or her enrichment fees.
Student Fees for the 2020-2021 School Year

The Student Enrichment Fee for each grade level at Perspectives will be $265 per student. This fee covers annual fees, field studies, out-of-area trips, college tours, selected after-school programs, 8th and 12th grade graduation and luncheon tickets for the student, first school ID, and locker lock. Students with outstanding enrichment fees will not be able to participate in special school-level events or activities. Enrichment fees do not cover textbooks, instructional materials, and/or student activities.

Please note that student uniforms, gym uniforms, athletic/spirit gear, driver’s education courses, prom tickets, school pictures, special school-level events, credit recovery, and summer school are not included in these enrichment fees. Breakfast and Lunch are free for all.

Student enrichment fees must be paid or settlement arrangements made before the first day of school. All payments and payment arrangements are handled by your school Office Manager. Perspective adheres to all federal and state laws protecting the rights of homeless students. Homeless students will have all school fees waived. Other students whose families encounter financial hardship may apply for a payment plan through the campus’s main office. A payment plan will allow families to reduce payments and/or extend payment timelines so that students may still participate in mandatory school activities without penalty for inability to pay.

Refunds or partial adjustments are not given if the student does not participate in their grade-specific activities for any reason, if the student decides to leave Perspectives during the school year, or if the student is expelled from Perspectives. All fees are non-refundable and non-transferable to another student. All fees must be paid or settled if any student transfers from Perspectives. If a parent transfers their child from PCS and has an outstanding fee balance, that balance will remain on the student's account if the student were to enroll at any Perspectives campus. Perspectives also reserves the right to withhold the student's final transcript pending payment of outstanding fees.

Technology

Perspectives has a technology-rich curriculum, in which students use computer labs or mobile computing for math and literacy instruction. This occurs typically in wireless, high-speed computing environments. All students are provided with a Perspectives email address and are encouraged to check it daily. Students and their parents/guardians have online access to grades and homework assignments using the school's student information system PowerSchool.

Career Shadowing

Perspectives provides internships or/and job shadow day opportunities for juniors to allow them to participate in real-world work environments related to their career interests. A student's internship experience is shaped by the ways in which they demonstrate A Disciplined Life® in a holistic manner within the Perspectives community, and having an internship offsite requires meeting the principles of A Disciplined Life®. Students are responsible for getting to and from his or her internship on the scheduled days, unless otherwise arranged by Perspectives Charter Schools and the student's mentor.

Out-of-Area Trips

Middle School students may participate in an overnight camping trip or an extended day class trip to visit historical or state government sites.
High School students may participate in college tours to visit colleges and universities in Illinois and surrounding states as part of the Perspectives “College-for-Certain” program.

Please be aware that trip departure and return times vary by campus, and may fall outside regular school day hours. Students will leave from school the morning of the trip. Return times vary based on individual trips.

Schools may have specific requirements for students to attend out of area trips. These requirements will be explained to students and parents ahead of the scheduled trip. In addition, students must leave and return with the school for each trip.

Participation in all student trips is an essential part of the Perspectives experience. Students are expected to participate in all field studies, educational events, and trips related to their specific grade.

Students and/or their parents/guardians may decide to undertake fundraising activities to be able to plan more elaborate trips. The budgets for these trips will be increased once all mandatory instructional fees have been paid and additional funds have been secured.

### Homework Policy

Homework is considered an integral part of the educational process. Success at Perspectives Charter Schools requires students to be well organized, disciplined, and to come to class prepared to learn each day. Homework is defined as written or non-written tasks assigned by a teacher to be completed outside the classroom. These assignments should complement class work and be relevant to the curriculum. Homework is a natural extension of the school day and an important part of a child's educational experience. Homework encourages self-discipline, pride in one's work, positive self-esteem, and an interest in learning. Incomplete and missing homework may negatively impact a student's grade. In the event of an absence, students are responsible for getting work that they may have missed. After returning from an absence, students must take initiative to make the necessary arrangements for the completion of all missed assignments. The amount of time for the completion will be at the discretion of the teacher.

PCS students who do not complete homework on time will, at the discretion of the teacher, receive reduced points on the assignment, directly affecting their grade. In addition to loss of

+In most cases, 1 credit is equivalent to 1 year in a particular course. However, there are courses in which 1 credit may be earned in a single semester. These courses included, but are not limited to: Healthy Lifestyles, Literacy Elective, and some other electives.

++Perspectives students that participate in the Chicago Builds program (a vocational education course) may substitute one Chicago Builds credit for a foreign language credit if scheduling limitations do not allow the student to participate in both.

+++Electives can contain but are not limited to: Healthy Lifestyles, STEM, Fine Arts, Literacy etc.
High School Graduation Requirements: Extracurricular Activities

All students are required to participate in at least two (2) credits for Extracurricular Activities. Students earn a half-credit of Extracurricular Activities when they participate in a semester-long after-school program. A student must attend 80% of the sessions to earn the credit. Extracurricular Activities take place after school on one or two days, between Monday and Thursday. Examples of Extracurricular Activities include:

- Student Government
- Debate Team
- Dance Team
- Step Team
- Tech Club
- Culinary Arts
- Art Club
- Fashion Club

Participation in athletics can count for up to (2) credits of the Extracurricular Activities requirement. One season earns a half-credit. PCS will grant up to two credits for students who participate in an athletics team and/or hold an after-school job and work ten or more hours a week. A verification form must be completed by the employee. The student can earn a half-credit per semester worked. Students may also submit a request to receive a credit for extracurricular activities that are non-school sponsored (e.g., church youth groups or clubs or teams sponsored by other organizations). Request forms can be retrieved from the school office. All requests must be approved by the principal. Students may also earn Extracurricular Activities credits by participating in a meaningful summer program. Each summer program can earn the student a whole credit. Students must submit the summer program verification form to receive credit.

Students’ participation in after school activities and athletics is based upon detention completion. Students who have 10 or more unserved detentions will not be allowed to participate until detentions have been served.

High School Graduation Requirements: Career Shadow

All Perspectives students participate in an internship or job shadow experience. A student’s internship is shaped by the ways in which they demonstrate A Disciplined Life® © within the Perspectives community. Students must complete the attendance and project requirements in order to graduate.

These requirements include:
● Students attend their internship/job shadow 100% of the time unless absence is excused by principal
● Students complete career survey
● Students create a résumé
● Students complete career research paper
● Students complete final reflection essay

Students who do not pass the internship/job shadow program will be required to submit a request for alternative internship credit.

**Walking at High School Graduation**

Students with disabilities, regardless of their academic standing at the end of the year, may participate in graduation ceremonies, in accordance with Brittany’s Law. See 105 ILCS 5/14-16 and network policies for additional information.

**Network Policies for Graduation, Milestone Events (Prom, Luncheon, etc.)**

Cheating Notification

Cheating is a serious offense at Perspectives. This includes copying off of another person’s homework, copying answers from another student’s paper during a test, plagiarizing a paper or essay, not doing one’s own work, and creating cheat sheets, among others. Perspectives Charter Schools seeks to promote academic integrity. Neither cheating nor plagiarism is tolerated. If a student cheats or plagiarizes, he or she will receive a 40% or an F on that assignment, may be suspended for one day, and will be requested to return to school accompanied by a parent. A second offense will result in a roundtable meeting with Perspectives’ faculty and staff, the student, and a parent. If cheating is suspected due to unusual scores, outside of the norm growth or performance, students may be asked to retake or redo an assignment or assessment in order to ensure integrity of results.

Character Support Code at Perspectives Charter Schools

Overview

Our approach to discipline is rooted in a belief that the learning environment is sacred and that adherence to the 26 Principles of A Disciplined Life® is crucial for student academic as well as social-emotional success. We strive to ensure that every child is safe (physically, emotionally, mentally, and intellectually) and that every child has the chance to learn without needless disruptions. We have tremendously high expectations for scholarly behavior in order to create and preserve a focused learning environment.

At Perspectives Charter Schools, we believe that our community is vitally important. Families, students, and staff work together to create our school identity. We believe that using restorative practices, whether through conversation or action, is always imperative in shaping our students social-emotional development. Restorative practice seeks to build community, trust, and achieve social discipline through group learning and decision-making. The use of restorative practices at Perspectives Charter Schools will help to:

- strengthen our community
- improve student behavior
- reduce misbehavior, violence and bullying
- provide effective leadership
- restore relationships
- repair harm

Perspectives Charter Schools staff believe that creativity and excellence can flourish only within a structured academic setting. Efficient learning and superior teaching cannot take place if a great deal of instructional time is taken up with addressing misbehaviors. To that end, Perspectives Charter Schools requires teachers and scholars to adhere to a number of organizational routines that promote order, efficiency, good behavior, and attention to task.
Within this structured environment, Perspectives Charter Schools expects all students to live A Disciplined Life®. When a student fails to meet the principles of A Disciplined Life® to the extent that it has an impact on the school overall on students’ ability to learn, disciplinary actions may become necessary. At Perspectives Charter Schools, A Disciplined Life® applies to actions of students during school hours, traveling to and from school, while on school property, at all Perspectives sponsored events, field studies, internships, community action projects, all programs held at Perspectives Charter Schools and when the actions affect the mission or operation of Perspectives Charter Schools.

In addition, Perspectives Charter Schools provides ongoing professional development to teachers, administrators, board members, school security officers, and staff on adverse consequences of school exclusion and justice-system involvement, classroom management, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive school climate.

The following pages outline the consequences of negative behaviors by Perspectives students, concluding with the additional procedures applicable to students with disabilities. Common language heard in schools regarding behaviors may include Scholar Dollars, merits, demerits, infractions, incentives, or consequences.

Notwithstanding the chart below, PCS reserves the right to impose other consequences as may be appropriate on a case-by-case basis. All consequences are awarded on a case by case basis and no consequence is automatic.

above level 3 behaviors
- Fireworks/incendiary devices
- Videotaping a staff member without permission.
- Discharge of aerosol irritants with or without intent to harm
- Sale, distribution, or intent to sell or distribute alcohol, illegal drugs, narcotics, controlled substances, "look-alikes" or such substances, contraband, or any other substance used for the purpose of intoxication

Under the Influence of Drugs or Alcohol:
A student who is under the influence of drugs or alcohol or if the student is in possession of legal and illegal drugs or alcohol or look alikes, has intent to distribute, or did distribute on school grounds he/she may be suspended. Upon return to school, the student may receive an evaluation for social work and/or substance abuse counseling and may be required to complete a sober contract. Multiple incidents of chronic violations of the same or similar behaviors (three to five incidents) will warrant more serious consequences and/or more intensive interventions.
Discipline Intervention Process

Perspectives Charter Schools is a place with high expectations. Sometimes scholars may need additional support to meet our expectations. We provide this support through our Discipline Intervention Process (DIP), which is embedded in our Social Emotional Multi-tiered Systems of Supports. It begins once (1) we notice a scholar consistently struggling to adhere to the discipline code or (2) the scholar is suspended for a level 3 infraction behavior. We require that everyone involved in a child’s success participate in interventions assigned to their child in order to gain their support and understanding of the problems that continue to arise. Our goal is to provide support to promote positive behavior change because we want every child to succeed. Examples of some interventions utilized at Perspectives include:

Restorative Conversations:

Restorative conversations occur when a teacher or dean facilitates a one-on-one conference with the student to discuss reasons for removal and repair harm done by outlining a plan to improve behavior and classroom engagement.

Peer Mediation

Peer mediation is problem solving by youth with youth. It is a process by which two or more students involved in a dispute meet in a private, safe and confidential setting to work out problems with the assistance of a trained student mediator.

Check in check out:

A Check In Check Out (CICO) is a system used to provide structure to increase student accountability. It improves student behavior and academics by providing consistent feedback to help students self-monitor and correct, as well as to help students internalize successes and accomplishment of goals. With a CICO students check in daily with an adult at the start of school to retrieve a goal sheet and encouragement. Teachers provide feedback on the sheet throughout the day, and students check out at the end of the day with an adult.

Heart to Heart:

A Heart to Heart (H2H) is a student-led meeting with the scholar, parent/guardian, advisory teacher, advisory classmates, and/or content teachers. Scholars receive a H2H when they are repeatedly earning demerits for the same infractions, repeatedly earning referrals, and suspension(s). A H2H is organized and co-facilitated by the scholar’s advisory teacher and the dean. The team creates a 30-day data-based contract in which the scholar sets measurable 30-day goals and each stakeholder determines their roles and support in supporting these goals. The team meets again in 30 days to determine if scholar met goals.

- If goals were met, the DIP ends.
If goals were not met, but progress is made, the H2H continues.
If goals were not met, DIP proceeds to a Roundtable.

**Roundtable:**

A Roundtable is a dean-led meeting with the scholar, parent/guardian, and often the assistant principal or principal. The dean arranges the meeting, sets measurable, data-based, 30-day goals, and determines the stakeholders’ roles and support in supporting these goals. All Roundtable students are offered evidence-based behavioral supports.

- If goals were met, the DIP ends.
- If goals were not met, but progress is made, the Roundtable continues.
- If goals were not met, DIP may proceed to expulsion.

Additional social emotional interventions are data driven and implemented on a case by case basis in accordance with our multi-tiered system of support procedures.

**Suspension Re-engagement Meetings**

Suspension re-engagement meetings occur after a student has served their suspension. In these meetings, the student and parent will conference with a school administrator or designated student support team member and develop a learning and behavior plan to ensure post-suspension success.

**Disciplinary Code**

Pursuant to the Perspectives Staff-Student-Parent Agreement, failure to comply with the school’s culture of A Disciplined Life® may result in a recommendation for detention, suspension and expulsion from school. In the hopes of changing the current issues at hand, students not modeling ADL will be provided with intervention and support that may include one or more of the following prior to detention, suspension and expulsion.

- Redirections
- Consequences
- Counseling
- Restorative Practices
- Discipline Intervention Process

**Detention**

Students who choose not to adhere to the ADL principles may be required to serve detention during non-instructional times. Length of detention may vary based on the severity of the behavior. Please contact your school administration for further details and hours.
In detention, students will abide by the following rules:

1. Students will be under the supervision of the staff at all times in detention.
2. Students should not sleep, listen to music, or talk during detention.
3. Students breaking detention rules will be removed from detention and will not earn credit for the detention and may receive additional consequences depending on the severity of the infraction.
4. Students may complete their assignments, study, or reflect.

**Students who have not served all detentions prior to the end of the semester may receive an incomplete for their A Disciplined Life® Class.**

Students who have not served all detentions prior to the end of the school year may be required to serve the detentions by attending summer school in order to earn credit for their A Disciplined Life® class.

**Suspension**

Suspensions may occur when a student exhibits actions based on the Behavior Issues and Responses chart, but will be limited to the greatest extent practicable, and used only for circumstances when there is a threat to school safety or the student’s behavior is a disruption to other students’ learning. Parents/guardians will honor suspensions and ensure that their child does not come to school or on school grounds while serving an out-of-school suspension. As part of the student’s re-entry after a suspension, the parent/guardian will be requested to accompany the child upon the day on which the student returns to school, or have formal communication with school administrators prior to the student's return. Other supports may also be included in a student’s re-entry plan back to school depending on the length of the time the student is excluded from school.

When a student’s misconduct results in the need to suspend and/or recommend an expulsion hearing for the student, the following procedures shall be followed: Student and guardian shall be given oral and written notice of the charges against him/her; an explanation of the basis for the accusation; and a chance to present his or her version of the incident.

Parents will be notified immediately of the suspension. Parents will have the right to review or appeal a suspension. Upon a parent’s request to review or appeal a suspension, the Board or appointed Hearing Officer for Perspectives will review the suspension and share findings with the parents. To review or appeal a suspension, the parent must submit a written appeal letter to the Chief Executive Officer of Perspectives Charter Schools within two school days of the determination. The Chief Executive Officer or their designee will review the appeal letter and suspension summary report and make a decision on the appeal within two school days of
receipt and notify the parent of the determination. Any appeals received on or after the third school day of the determination will not be honored.

Students will be provided an opportunity to make up any work missed during a suspension for equivalent academic credit.

Suspension Reinstatement Meetings
Suspension reinstatement meetings occur after a student has served their suspension. In these meetings, the student and parent will conference with a school administrator or designated student support team member and develop a learning and behavior plan to ensure post-suspension success. Students who are suspended will be provided with a re-engagement plan to assist them in transitioning back to school after the suspension. Students are not allowed to school-sponsored events while on suspension. Students suspended must return with a parent for reinstatement.

**DURATION OF SUSPENSION**

**Suspensions of 1-3 Days**
Suspensions of 1-3 days may be issued only if the student’s presence poses a threat to school safety OR a disruption to other’s learning opportunities. Such suspensions will be determined on a case-by-case basis. For these suspensions, the school will provide notice to the family which will include: (1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension and (5) the parent’s right to review the suspension decision. Students are not allowed to school-sponsored events while on suspension.

**Suspensions of 4 Days**
Suspensions of 4 days may be issued only if other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspectives. For these suspensions, Perspectives will provide notice to the family which will include: (1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension (5) documentation of whether any behavioral or disciplinary interventions were attempted or whether Perspectives determined there were no appropriate or available interventions and (6) the parent’s right to review the suspension decision. Students are not allowed to school-sponsored events while on suspension.

**Suspensions of 5-10 Days**
Suspensions of 5-10 days may be issued only if other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspectives. For these
Suspensions Perspectives will provide notice to the family which will include: (1) The reason for the suspension, (2) the specific act of gross disobedience or misconduct, (3) the length of the suspension (4) the rationale for the specific duration of the suspension (5) documentation of whether any behavioral or disciplinary interventions were attempted or whether the school determined there were no appropriate or available interventions (6) whether appropriate and available support services are to be provided or whether Perspectives determined that there were no appropriate or available supports for the student and (7) the parent’s right to review the suspension decision. Students are not allowed to school-sponsored events while on suspension.

The following acts of misconduct are some examples of when a student may be subject to a maximum ten-day suspension and may be subject to a referral for expulsion hearing:

- Assault and/or battery of a student or school employee;
- Arson;
- False fire alarm
- Possession of weapons, look alike weapons, or another object if used or attempted to create bodily harm;
- Destruction of school property that poses a threat to safety or substantially disrupts the operation of the campus;
- Endangering or threatening the lives of students or school employees;
- Theft;
- Involvement in gang activity;
- Sex violence;
- Use, possession, sale or delivery of alcohol, illegal drug narcotics, and controlled substances, contraband or look-alike contraband/drug;
- Repeated Level 3 violation
- Mob action (bringing others onto school property with the intent of harming PCS students; or
- Violation of the Aggressive Behavior, Bullying, and Harassment Policy (includes sexual harassment).

* Students suspended longer than four days will be provided with appropriate and available support services during the period of their suspension.

All suspension notices will be given to the Board. Students will be able to make-up work missed during a suspension for equivalent credit.
EXPULSION FROM PERSPECTIVES CHARter SCHOOLS

Expulsion Hearing:

There may be times when a student’s behavior is severe and detrimental enough to the safety and well-being of Perspectives that the student may be recommended for expulsion, which may result in forfeiture and termination of his or her right to attend Perspectives Charter Schools. A recommendation for expulsion will only be made if all other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community OR (2) substantially disrupts, impedes, or interferes with the operation of Perspective. If a student is expelled from Perspectives Charter Schools, it will be for a definite period of time. Such determination will be based on a case by case basis, and limited to a max of two calendar years.

The Board will only expel if the school has attempted other alternatives to expulsion first, and such actions have not altered the behavior or for very serious gross misconduct for which no behavioral and disciplinary intervention is appropriate. As mandated by state law, Perspectives must expel students for at least one year, and up to two years, adjusted on a case-by-case basis, for bringing the following objects to school: firearm or look alike firearm, knife, brass knuckles or other knuckle weapon, billy club, and/or any object used to attempted to be used to cause bodily harm.

It is the responsibility of all of us to first take the necessary measures to prevent expulsions, before recommending one, because we keep the scholar’s interests in our minds at all times.

When a student is recommended for expulsion, the following procedures will be followed:

Request for Hearing
When a school is considering an expulsion for a scholar the school Principal will request expulsion hearing approval from the Perspectives Intervention Support Team. The Team will review documentation and make a recommendation on whether an expulsion is warranted. If the expulsion hearing is granted, the scholar will have an Expulsion Hearing before the Board of Perspectives or an appointed Hearing Officer.

Timely Notice
The student must be provided timely notice of the expulsion hearing so that the student may prepare a defense. Perspectives constitutes timely notice as three business days.

Parent Notification
Notice to the student’s parents or guardians about an expulsion hearing must be sent by registered or certified mail. The notification shall also include: 1) the time, place, and date for the hearing, 2) a brief description of what will happen during the hearing, 3) the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion, 4) the student’s
prior suspensions, 5) the fact that the School Code allows for expulsion for a definition period of time not to exceed two calendar years as determined on a case by case basis and 6) an inquiry as to whether the student will be represented by counsel and if so, for notification of this fact prior to the hearing.

**Orderly Hearing and Right to Confront and Cross-Examine Witnesses**

The proceeding must be before an impartial tribunal. The school board or a hearing officer appointed by the Board conducts the expulsion hearing. The administration may submit evidence to support the alleged student misconduct including, but not limited to, misconduct reports, written statements by witnesses, admissions and evidence as deemed appropriate. As a general rule, the student must be allowed an opportunity to present evidence and cross-examine the witnesses presented by the school administration or who provide witness statements. The hearing will be recorded. The formal rules of evidence do not apply.

School officials must provide (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate or available interventions were available for the student, and (2) evidence of the threat or substantial disruption posed by the student. The student and his or her parent or guardian may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.

**Findings**

A written summary of the evidence shall be prepared by the school board or a hearing officer appointed by the board. Perspectives Charter Schools will have its Board, or designated member of the Board, or a subset of the “the Board,” approve all expulsions, within 10 days of the hearing. In determining the length of the expulsion, the Board shall consider (1) the egregiousness of the student’s conduct; (2) the history of the student’s past conduct; (3) the likelihood that such conduct will affect the delivery of education for other students; (4) the severity of the punishment; and (5) the student’s best interests. If it is determined that expulsion is appropriate, the student’s parent/guardian will be notified of this decision in writing within ten school days of the hearing.

The notice will: (1) detail the specific reason why removing the student from his or her learning environment is in the best interest of the school; (2) provide a rationale for the specific duration of the recommended expulsion, as well as the rationale for any suspension that preceded the expulsion; (3) document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student; (4) document how the student’s continuing presence in school would pose a threat to the safety of other students, staff, or members of the school community or substantially disrupt, impede or interfere with the operation of the school; and (5) document whether available and appropriate support services were offered or provided during the suspension and if they were not offered or provided document that none were available.
Such notice will also be provided to the Chicago Public Schools (CPS), Director of the Office of Student Adjudication. All students expelled will be referred to CPS in order to satisfy the requirement that such students be provided with an appropriate education in an alternative education setting.

**Appeals**

The parent/guardian may appeal Perspectives Charter School’s final determination of expulsion by submitting a written appeal letter to the Chief Executive Officer of Perspectives Charter Schools within two school days of the determination. The Chief Executive Officer will review the appeal letter and expulsion summary report and make a decision on the appeal within two school days of receipt and notify the parent of the determination. Any appeals received on or after the third school day of the determination will not be honored.

**Suspension and Expulsion of Students with Disabilities**

A special education student will not be disciplined for misconduct which was caused by, or had a direct and substantial relationship to, the child’s disability; or was the direct result of the school’s failure to implement the individual education plan (IEP). A student with a disability may be suspended up to 10 school days in one school year. Prior to the 11th cumulative day of suspension, a Manifestation Determination Review (MDR) will be convened. Consequences for special education or disabled students will be adjusted, as required by federal and state laws and regulations, and the student's IEP accommodations, when necessary.

**Procedural Safeguards for Discipline of Students with Disabilities/Impairments [1]**

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with nondisabled peers to the same extent as specified in the IEPs, in-school suspensions and lunch detentions do not count toward the 10-day limit.

Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the CPS Department of Procedural Safeguards and Parental Supports (773-553-1905) is absolutely necessary. Without such consultation and approval from the CPS Department of Procedural Safeguards and Parental Supports, the 10-school day limit on out of school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, the following apply:

The school must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days.
of the date of the decision to request the expulsion hearing. School must also provide parent/guardian/surrogate with a written copy of the Notice of Procedural Safeguards.

The IEP team must:

A. Determine whether the misconduct is related to the student’s disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student’s IEP. The behavior is a manifestation of the student’s disability if:
   a. the conduct in question was caused by the student’s disability or has a direct and substantial relationship to the student’s disability; and/or
   b. the conduct in question was the direct result of the school’s failure to implement the student’s IEP.

B. Review, and revise if necessary, the student’s existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined.

If the student’s behavior is not a manifestation of the disability, school officials may apply the code of conduct, taking into consideration the student’s special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing a free and appropriate public education.

If the student’s behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with a free and appropriate public education.

All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.

[1] All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with 504 plans.
Parent-Teacher Advisory Committee

The Board and/or a designee of the Board will establish annually and consult with a parent-teacher advisory committee for discipline, search/seizure, and bullying prevention policy development. Such policies and procedures otherwise not documented in the student handbook will be provided to parents within 15 days of the start of school and students shall be informed of contents as well.
Perspectives Charter Schools Healthy Meals Program

Perspectives Charter Schools, a participant in the National School Lunch and Breakfast Programs, serves nutritious meals each school day. All students are provided with Breakfast and Lunch at no charge.

Each year, all families must complete the CPS Family Income Information Form (FIIF) before the start of school. The student's meal benefits are good for one year, starting October 1 through the following September 30. All applications must be completed during the registration process. Applications that are turned in incomplete must be revised no later than October 15 of each school year. CPS Family Income Information Form (FIIF) will be verified by the Illinois State Board of Education and Chicago Public Schools.

All meals served must meet the U.S. Department of Agriculture (USDA) meal requirements. However, if a child has been determined by a doctor to have a disability or food allergy, and the disability or food allergy would prevent the child from eating the regular school meal, the school will make substitutions prescribed by the doctor. If a substitution is needed, there will be no extra charge for the meal. If a parent/guardian believes his or her child needs substitutions because of a disability or food allergy, they are encouraged to contact the school for further information.

The student can bring a bag lunch to school as long as it follows the healthy choice guidelines (no soda, candy, chips, or unhealthy sugar based snacks of any kind).

ATHLETICS
Athletic Policies & Procedures

Perspectives Charter Schools Athletic Policies and Procedures have been prepared to make information readily available to coaches, student-athletes, and parents, as well as make athletics at Perspectives Charter Schools successful.

Perspectives has pledged its support to the Athletic Department by providing resources to maintain the facilities and equipment at each campus. It is the responsibility of the student-athlete to preserve and use these items in good judgment.

After reading these policies and procedures, the student-athlete and parent/guardian should sign the handbook acknowledgment form at the back of the student handbook. These signatures indicate that the student-athlete and parent/guardian agree and will comply with the policies and procedures described within. The parent/guardian signature also serves as permission for their student(s) to participate on an athletic team.

PHILOSOPHY

The overall philosophy of Perspectives Charter Schools Athletic Department is consistent with its unique character-building curriculum A Disciplined Life®. This curriculum guides the school’s efforts to address every student-athlete as a whole person, and provide him or her with skills that will support the transition to higher education and beyond. Perspectives teaches reinforce the principles of A Disciplined Life® on and off the playing field.

STUDENT-ATHLETE ACADEMIC ELIGIBILITY POLICY

High School Student-Athlete Eligibility

Unless they are entering high school for the first time, high school student-athletes are eligible for athletic participation consideration if they have received credit for completing at least five (5) classes of high school work, as approved by Perspectives Charter Schools in the previous semester.

Additionally, high school student-athletes must achieve a 2.0 GPA or better during their sports season and student-athletes must also have achieved a “C” or better in their A Disciplined Life® class. These reports are received every ten (10) weeks. The prior quarter’s grades will be used to determine athletic eligibility for sports which start in the subsequent quarter. For sports starting in Quarter 1, Quarter 4 grades from the previous year will be used to determine academic eligibility. For Quarter 2 and Quarter 4 grades, current semester ending grades can also be used to determine eligibility.
If a high school student-athlete does not meet the above requirements, he or she will be placed on athletic-academic probation, and will be allowed to practice, but must sit out any contests and not receive athletics-related early dismissals until he or she is meeting the above-mentioned eligibility.

Student-athletes on athletic-academic probation, with a GPA between 1.50 and 1.99, will be eligible for reinstatement after three (3) weeks.

Student-athletes on athletic-academic probation, with a GPA between 0.00 and 1.49, will have their athletic eligibility reviewed after five (5) weeks, once progress reports or quarter grades are released.

Student-athletes who are not consistently meeting the behavioral expectations as outlined by the school may be deemed ineligible.

Student-athletes with a 2.0 GPA or better, and a grade lower than a “C” in their A Disciplined Life® class, will be placed on athletic-academic probation and are eligible for reinstatement after three (3) weeks.

Students-athletes in season must pass all of their classes of high school work per week. Student-athletes not meeting all criteria will be ineligible for contests the following week and not receive athletics-related early dismissals during this time period.

9th grade high school student-athletes who are competing in athletics during Quarter 1 will have their academic eligibility determined after Quarter 1 grades have been released. Until that point, all 9th grade high school student-athletes are eligible for athletic participation.

Student-athletes with a cumulative grade point average below a 2.0 must have an Individual Study Plan (ISP) in place to address academic challenges. The ISP must be approved by the Principal and on file with the Perspectives Charter Schools Athletic Office and the Chicago Public School Sports Administration Office.

Middle School Student-Athlete Eligibility

Middle school student-athletes must be passing all classes with no more than one grade lower than a “C” on their end-of-quarter report cards. Student-athletes must also have achieved a “C” or better in their A Disciplined Life® class. These reports are received every ten (10) weeks. The prior quarter’s grades will be used to determine athletic eligibility for sports which start in the subsequent quarter. For sports starting in Quarter 1, the Quarter 1 five-week progress reports will be used to determine academic eligibility.

If a middle school student-athlete does not meet the above requirements, he or she will be placed on athletic-academic probation, and will be allowed to practice, but must sit out any
contests and not receive athletics-related early dismissals until he or she is meeting the above-mentioned eligibility.

Student-athletes on athletic-academic probation with two (2) or more grades below a “C” will be eligible for reinstatement after 3 weeks.

Student-athletes who are passing all classes but do not have a “C” or better in their A Disciplined Life® class will be placed on athletic-academic probation and are eligible for reinstatement after three (3) weeks.

**STUDENT-ATHLETE EXPECTATIONS**

Consistent with the principles of A Disciplined Life®, all student-athletes must:

- Take responsibility for your actions by understanding that athletic participation is a privilege, and as a student-athlete, you become a representative of Perspectives Charter Schools. As such, you are expected to behave in an appropriate manner, both on and off the field.
- Accept only quality work from yourself by realizing the importance of academic excellence and proper behavior. This includes:
  - Make up any missed work
  - Attend study tables or tutoring
  - Serve any detentions or other school discipline
  - Be a positive role model to all students in the school
- Live a healthy lifestyle by not using or possessing tobacco, alcohol, steroids, or other illegal drugs.
- Be positive and supportive of each other by encouraging your teammates and respecting all other participants including opponents, fans, coaches, and referees.
- Respect each other’s differences by refraining from hazing, defined as any act of humiliation, or a rite of passage which causes or is likely to cause physical or mental harm or personal degradation of another student.

Any breach of the policies listed in the Student-Athlete Expectations section will result in a review of the student-athlete’s athletic eligibility. This review will be completed by school administration and the athletic director.

**EXPECTATIONS OF COACHES**

Coaches are responsible for:
- Maintaining, enforcing, and modeling the principles of A Disciplined Life®
● Informing parents/guardians and students in writing of the location and time of all practices and contests, team requirements, team fees, special equipment needs, and any summer program information
● Playing only eligible student-athletes
● Distributing, cataloging, and the collection of uniforms
● Being respectful to parents/guardians, student-athletes, and the student-athletes and coaches from other teams, and referees
● Their team being respectful to parents/guardians, student-athletes, and the student-athletes and coaches from other teams, and referees
● Other duties as determined by the athletic director or principal
● Communicating practice and game schedule with parents.
● Communicating the sporting expectations with parents.

EXPECTATIONS OF PARENTS/GUARDIANS

Parents/Guardians and coaches work together to help develop young men and women to become responsible, honorable adults. Winning and losing is secondary to student growth and development.

Parents/Guardians are invited to help build our teams by:

● Bringing enthusiastic and respectful fans to events
● Fundraising for team needs
● Counseling their child through the ups and downs of competition

Parents/Guardians are welcome to make an appointment with a coach to address questions or concerns. If a parent/guardian has trouble getting an appointment with a coach, or needs further clarification, they should contact the athletic director or principal. Please do not confront a coach before, during, or after a contest or practices.

PARENT/COACH COMMUNICATION

Sportsmanship starts with effective communication.

Communication to expect from your coach:

● Perspectives Charter Schools athletic philosophy
● Expectations for your child and fellow student-athletes
● Dates, locations, and times of all contests/practices
● Sport-specific requirements (e.g., specific fees and/or special equipment, summer program information)
● Procedures to be followed, should your child be injured during a contest/practice
● Discipline resulting in the reduction and/or elimination of your child’s participation
Communication expected from a parent/guardian:

- Concerns about your child’s behavior, treatment/mistreatment, expectations or the athletic philosophy (following procedures listed below)
- Ways to help your child improve
- Advanced notification of any schedule conflicts interfering with your child’s ability to participate in a contest/practice

Perspectives believes in partnering with our parents, yet there are some topics that are inappropriate to discuss with your child’s coach.

Topics left to the discretion of the coach:

- Your child’s playing time
- Strategies for the team
- Plays and referee calls
- Personal information about other student-athletes

**REPORTING A CONCERN**

Please do not confront a coach during a contest/practice. Call the Athletic Department to set up an appointment with your child’s coach. Come in during your scheduled appointment to discuss your concerns with the coach. If the coach does not provide satisfactory resolution, contact the athletic director to discuss the situation further and to set up a meeting. At this meeting, the appropriate next steps can be determined.

**PHYSICAL EXAM AND EMERGENCY CARDS**

To participate in athletics, a valid physical examination, a red emergency card, and a blue parental consent card must be on file with the athletic department on or before the first day of try-outs/practice. Student-athletes will not be allowed to practice or try out until a valid physical is on file in the athletic department.

Per Illinois High School Association (IHSA) rules, the student-athlete’s physical examination must be performed by a licensed physician, physician’s assistant, or nurse practitioner as set forth in the Illinois State Statutes no more than 365 days prior to participation in any such practice, contest, or activity. Perspectives strongly encourages all individuals who plan to participate in interscholastic athletics to complete their physical exam between late June and early August. Completing the exam during this time will avoid ineligibility issues.
ATHLETIC INJURIES & HEALTH INSURANCE

Health insurance coverage for Perspectives Charter Schools student-athletes is the responsibility of the student-athlete’s parent/guardian. However, Perspectives Charter Schools student-athletes are covered under student accident insurance coverage. This coverage is meant to be in excess of the student-athlete’s own medical insurance. If a student-athlete does not have health insurance coverage, the student accident insurance can be utilized as primary coverage. Additionally, in accordance with “Rocky’s Law” Perspectives Charter Schools carries adequate catastrophic student accident insurance.

Perspectives Charter Schools realizes there are certain risks of physical injury through the participation in all athletic activities, and the parent/guardian must agree to assume the full risk of any and all injuries or damages, regardless of severity that the participant may sustain as a result of athletic participation. This understanding is detailed in the Athletic Department Parent/Guardian Waiver. The permission form must be completed and signed by the parent/guardian to allow their student-athlete to participate in athletics at Perspectives Charter Schools.

CUT POLICY

The number of student-athletes on an individual team will be determined by the coach and the athletic director prior to any cuts being made. Individual coaches shall have the sole responsibility of selecting the members of a team.

If the decision is made to cut students from a team, the following procedures will take place:

- Students will be informed that cuts will be made (e.g., announcements, posting on bulletin boards, etc.)
- At least two (2) practices will be required before cuts are made
- Coaches will determine what factors will be used to cut students (e.g., ability, attitude, work ethic, academic performance, etc.)
- Student-athletes will be informed of being cut in a way that will avoid personal embarrassment to the player (e.g., posted anonymously by number or letter code)

EQUIPMENT

Student-athletes are responsible for each item of equipment that is issued to him or her. Lost or stolen equipment must be paid for at the replacement cost. A student-athlete will not be allowed to receive awards, participate in a subsequent sport, or receive his or her diploma until the equipment record has been cleared. Student-athletes are strongly encouraged to not abuse the equipment. Significant resources are spent to supply the best equipment for their use and safety: please treat all equipment with respect.

Students must sign a uniform/equipment release form before and at the conclusion of the season with all uniforms/equipment returned. Subsequently, if any uniforms/equipment are
missing at season’s end, a return signature will not be allowed and the student will have a fee assessed to his student account for the amount of the uniform/equipment cost.

ATHLETIC TRANSPORTATION

Please be aware of Perspectives Charter Schools' policy concerning the transportation of student-athletes to and from competitions. Perspectives Charter Schools provides transportation to and from all athletic contests. All student-athletes are required to use school transportation. Student-athletes may not participate in an away contest if they drive themselves to the event or if they use alternate transportation without prior permission from the coach. In extenuating circumstances, parents/guardians may need to drive their own children to or from a contest; but coaches need written notification and approval from the coach, granted in advance.

Parents/guardians and/or relatives of student-athletes are encouraged to attend all home and away contests in an effort to show school support. Transportation for parents/guardians and/or relatives is the responsibility of the parent/guardian and/or relative and not that of Perspectives Charter Schools. Perspectives does not provide additional transportation, and it is strictly prohibited for parents/guardians and/or relatives to ride on school-provided transportation with student-athletes. Students will be chaperoned while riding in school-provided transportation by their coaches.

AWARDS

Athletic awards are given on the basis of participation, loyalty, cooperation, and excellence in performance. Each sport your child participates in has specific award expectations. Prior to the start of the season, coaches will review award expectations with student-athletes.

PERFORMANCE-ENHANCING SUBSTANCE TESTING POLICY

As an IHSA member school, any Perspectives Charter School student who participates in an IHSA-approved or sanctioned athletic event is subject to Performance-Enhancing Substance (PES) Testing. A full copy of the testing program, a listing of the banned drug classes, and other related resources can be accessed on the IHSA Sports Medicine website - https://www.ihsa.org/Resources/Sports-Medicine/Performance-Enhancing-Drugs-Steroid-Education/IHSA-Performance-Enhancing-Substance-Policy

**CONCUSSION PROTOCOL**

Any student-athlete who is suspected of sustaining a concussion or head injury shall be removed from participation or competition at that time. When so removed from participation or competition, the student-athlete is then subject to the Perspectives Charter Schools Post-Concussion Return-To-Learn and Return-To-Play Guidelines. Student-athletes must adhere to these guidelines to ensure their return to learning and athletic participation is completed in a medically recommended and structured manner.

All high school student-athletes participating in athletics at Perspectives are required to take the concussion baseline test (IMPACT) prior to the first contest of their respective season. This spans football, cheer, volleyball, wrestling, basketball, baseball, softball, and track and field at the high school level. The test must be completed once each school year.

Multi-sport athletes that have taken the concussion baseline test (IMPACT) in an earlier season are not required to take the baseline in the subsequent season. (i.e. if a student participated in football in the fall and completed the concussion baseline test, they are not required to take the concussion baseline test if they join the baseball team in the spring)

**Concussion Information for Parents**

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion, and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of a concussion, or if you notice the symptoms or signs of a concussion yourself, seek medical attention right away.

*What can happen if my child keeps on playing with a concussion or returns too soon?*
Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the student-athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents, and students is the key to student-athlete safety.

If you think your child has suffered a concussion:
Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches, or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches, prior to returning to play or practice following a concussion, or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy.

Parents/guardians should also inform their child’s coach if they think their child may have a concussion. Remember: it is better to miss one game than miss the whole season. When in doubt, the athlete sits out.

NOTICE CONCERNING STUDENT RECORDS

The Illinois School Student Records Act (“ISSRA”), the federal Family Educational Rights and Privacy Act (“FERPA”), and the regulations issued pursuant to these laws require that the Board of Directors of Perspectives Charter Schools (“Perspectives”) adopt a Student Records Policy (“Policy”). The Board of Directors has adopted a Policy and implementing Procedures which are available upon request from the school office.

Perspectives maintains both a permanent and temporary record for each student. The permanent record consists of basic identifying information concerning the student, his or her parents’ names and addresses, the student’s gender and date/place of birth, academic transcript, attendance record, health record, unique student identifier, scores received on all State assessment tests administered in grades 9-12, and a record of release of this information. It may also contain a record of honors and awards received, information concerning participation in school sponsored activities and organizations.

The temporary record consists of all other records maintained by Perspectives concerning the student and by which the student may be individually identified. It must contain a record of release of information contained in the temporary record, scores received on the State assessment tests administered in the elementary grade levels (K-8), a completed home language survey form, information regarding serious disciplinary infractions (i.e., those involving drugs, weapons, or bodily harm to another) that resulted in punishment or sanction of any kind, biometric information, information regarding an indicated report pursuant to the Abused and Neglected Child Reporting Act, 325 ILCS 5/8.6, health-related information, and accident reports.

A parent, or any person designated as a representative by a parent, has the right to inspect and copy the student’s permanent and temporary records except as limited by the Policy or state or federal law. A student has the right to inspect or copy his or her permanent record. (All rights of the parent become the exclusive rights of the student upon the student’s 18th birthday, graduation from high school, marriage, or entry into military service, whichever comes first.) In order to review the student’s record, a parent must make a written request to Perspectives. The request will be granted no later than 10 business days after the date of receipt of such request or otherwise provided by law. Perspectives may charge a fee [not to exceed $0.35 per page] for copies of the record. This fee will be waived if the parent is unable to pay.

Perspectives may be required to release information contained in student records without parental notice or consent to the following individuals or in the following circumstances:

- To a Perspectives or State Board of Education employee or official with a demonstrable educational or administrative interest in the student. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff
member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility;

- To any person for the purpose of anonymous research, statistical reporting or planning;
- In an emergency situation, if necessary to people’s health and safety. However, notice shall be provided to parents the next school day after the release;
- In connection with a student’s application for or receipt of financial aid;
- During an audit or evaluation of federally-supported education programs;
- As allowed under the Serious Habitual Offender’s Compensation Action Program;
- To a governmental agency for the investigation of a student’s school attendance;
- If the information is directory information, as explained below, and the parent has not informed the District that such information is not to be released;
- To accrediting organizations in order to carry out their accrediting functions;
- To the Illinois Department of Healthcare and Family Services for purposes of school breakfast and lunch programs; or
- Pursuant to a court order where a parent of a student is named in the court order.

Perspectives may also be required to release student records without parental consent to the following individuals or in the following circumstances, as long as parents/guardians are first notified of their right to inspect, copy or challenge the contents of the records to be released:

- To the records custodian of a school to which the student is transferring;
- Pursuant to a court order where a parent of a student is not named in the court order;
- To any person as specifically required by law; or
- Pursuant to a reciprocal reporting agreement, or to juvenile justice authorities when necessary to complete their official duties.

Any other release of information requires the prior written consent of the parent. The parent has the right to request a copy of any released records.

Perspectives prohibits the disclosure by school employees to any person against whom the District has received a certified copy of an order of protection the location or address of the petitioner for the order of protection or the identity of the schools in the District in which the petitioner’s child or children are enrolled. Perspectives shall maintain the copy of any order of protection in the record of the child or children enrolled in the District whose parent is the petitioner of an order of protection. In addition, no person who is prohibited by an order of
protection from inspecting or obtaining school records of a student pursuant to the Illinois Domestic Violence Act of 1986 shall have any right of access to, or inspection of the school records of that student.

A parent has the right to request the removal from their child’s academic transcript of one or more scores received on college entrance examinations by submitting this request in writing to their school’s Official Records Custodian. Contact your school’s Office Manager for details. In the written request, the parent must state the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

A parent also has the right to challenge or seek amendment to any entry in the student’s school record, except for (1) grades; (2) name and contact information of Perspectives Official Records Custodian; and (3) references to expulsions or out-of-school suspensions, if the challenge to expulsions or suspensions is made at the time the records are forwarded to another school to which the student is transferring. Parents may challenge or seek amendment to a student’s school record by claiming that the record is inaccurate, irrelevant, improper, misleading, or violation of the student’s privacy rights. Perspectives’ Student Records policy, and its accompanying Administrative Procedures, provide for hearing and appeal procedures and an opportunity to include a statement in the record discussing or explaining any entry. To challenge a record or entry, the parent must contact the Official Records Custodian. Parents may obtain a copy of Perspectives’ Student Records Policy by contacting their school Office Manager.

The Policy also provides timelines for the destruction of records. Parents will be notified of the destruction schedule of the student’s records at the time of graduation, transfer, or permanent withdrawal from a Perspectives Charter School. Permanent records are kept for sixty (60) years after the student leaves Perspectives Charter School. Temporary records are kept for the period of their usefulness to the school, but in case less than five (5) years after the student leaves a Perspectives Charter School. Student temporary records are reviewed by Perspectives staff every four (4) years or when a student changes attendance centers. A parent has the right to copy any student record, or information contained in it, proposed to be destroyed or deleted.

The law allows schools to designate certain information as “Directory Information,” which consists of identifying information. Perspectives has designated the following as Directory Information: the student’s name, address, gender, grade level, birth date and place, and his/her parents’ names, mailing addresses, electronic addresses, and telephone numbers; academic awards, degrees and honors received; information relating to school-sponsored activities, organizations, and athletics; major field of study; and period of attendance in the school.

Directory Information also includes photographs, videos, or digital images used for informational or news-related purposes of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications. However, photographs highlighting individual faces and used for commercial purposes require prior, specific, dated, and written consent of the parent or student, as applicable. An image on a school security
videotape recording is not Directory Information. Further, student social security numbers or student identification or unique student identifiers are not Directory Information.

Perspectives will release Directory Information to the general public from time to time, including by way of a school directory or a student, unless a parent informs Perspectives within ten (10) days of receipt of the student handbook that information concerning his or her child should not be released, or that the parent desires that some or all of this information not be designated as Directory Information. In addition, Perspectives will release a student’s name, address, and telephone listings to military recruiters and institutions of higher education upon their request unless you advise us to the contrary in writing.

Finally, no person may condition the granting or withholding of any right, privilege or benefit or make as a condition of employment, credit or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under the ISSRA or regulations.

If you believe that Perspectives has violated or is violating this policy, you have the right to file a complaint with the United States Department of Education concerning the District’s alleged violation of your rights.
Uniform Grievance Procedure

Students, parents/guardians, employees or community members may file a complaint in accordance with this grievance procedure if they believe that the Perspectives Charter Schools Governing Board or Perspectives Charter Schools employees or agents have violated their rights guaranteed by the state or federal constitution, state or federal statutes, or Perspectives Charter Schools' Policy.

Perspectives is committed to working with families in a timely and transparent way. It is our hope that complaints can be resolved with staff in the building who work most directly with families day to day, however when that is not possible the following outlines additional steps to take.

SCOPE OF POLICY

A student and/or parent guardian filing a complaint under this procedure may forego any information suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person’s pursuit of other remedies (e.g. criminal complaints, civil actions, etc.). Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, Perspectives will continue with a simultaneous investigation under this policy.

**DEADLINES**
All deadlines under this procedure may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, school business days means days on which the Perspectives main office is open.

**FILING A COMPLAINT**
A person (Complainant) who wishes to avail himself or herself of this grievance procedure may do so by filing a complaint with one of the designated Perspectives Complaint Managers, whose contact information is listed below. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. Concussion Prevention and Management

Dear Parent/Guardian:

You are receiving this letter regarding the concussion prevention and management tool the Perspectives Charter Schools Athletic Department will be using going forward. We recently partnered with ImPACT Test to help us with this process. Throughout the school year all high school student-athletes will be taking a computerized baseline ImPACT assessment. The test is 100% computer based and takes no more than 30 minutes to complete. If a student-athlete receives a concussion they will need to take an ImPact post-concussion assessment before being cleared to return to athletics. Below is additional information on the ImPACT Test tool product. Please contact me with any additional question.

Regards,

IMPACT

What is ImPACT? ImPACT (Immediate Post-Concussion Assessment and Cognitive Testing) is the first, most-widely used, and most scientifically validated computerized concussion evaluation system. ImPACT was developed IN THE 1990s to provide useful information to assist qualified practitioners in making sound return to play decisions following concussions.

Why use ImPACT? Given the inherent complexities of concussion management, it is important to manage concussions on an individualized basis and to implement baseline testing and/or post-injury neurocognitive testing whenever possible. Neurocognitive assessment can help to objectively evaluate the concussed athlete’s post-injury condition and track recovery for safe return to play, thus preventing the cumulative effects of concussion. In fact, neurocognitive testing has been called the "cornerstone" of proper concussion management by an international panel of sports medicine experts.

Who is currently using ImPACT? Some of the individuals using ImPACT include all of MLB, NHL, NFL and WWE. Over 7400 high schools, 1,300 colleges and universities, 1,200 clinical centers, 225 professional teams, select military units, Cirque du Soleil, New Zealand and South African rugby teams also use ImPACT.

ImPACT is NOT:

● A diagnostic test, ImPACT is one tool that can be used by medical professionals to help measure an individual’s recovery from a concussion
● A one step solution to concussions
● A preventative tool, nothing can prevent concussions
● A substitute for medical treatment or management
● A replacement for a cat scan, MRI or other medical technology
● A home-based test, ImPACT should always be administered in the presence of a trained supervisor
