Perspectives

Lead with an ethical mindset.

At Perspectives, each student learns that ethical leadership changes the world.

Perspectives expected me to think big—and dream often. In 6th grade, I dreamt of a safer and more peaceful community. I dreamt of attending a great university. I dreamt of being a leader.

I was first taught to lead by my dad and then by my school. The 26 principles of A Disciplined Life® is the foundation of our school culture. I think the 26 principles are REVOLUTIONARY. No, I didn't always feel this way. It took me time to adapt and realize how the 26 principles have helped me build my personal confidence.

Over the years, my family moved many times: 15512 South Dobson; 10805 South Normal; 4953 South Calumet; 5210 South King Drive; 4345 South Indiana; and 7207 South Oglesby Avenue.

My steady has always been Perspectives. My school on 1930 South Archer is a place I called home for seven years. Perspectives is my rock. The family atmosphere and high standards are what I needed to reach my potential.

My teachers cared so much about me, and my classmates are still like brothers and sisters to me. Perspectives is the type of school that “saw” me, Kray Butler, for all that I am. Perspectives loves me.

We are young intellectuals. As 6th graders we begin to visit college campuses. Alumni return and share their experiences. We discuss college in our A Disciplined Life class. We are taught that college is our choice, and even if we're the first in our family to attend, the decision is ours. At Perspectives, we are taught to think independently and are held accountable to build a five year post high school plan that includes our future vision.

We are advocates for positive social change—fighting for justice in our society and learning to lead with passion and with strategy. Last Spring, MSNBC streamed our peace walkout live from our Auburn Gresham Campus, while the *New York Times* stopped by to highlight our peace initiatives. The way I see it, our country has a lot to learn from us.

I lead today, on my college campus and community because Perspectives saw me, all of me, and developed my mind and my heart as an intellectual and socially conscious ethical leader.

The leadership we learn through our A Disciplined Life education at Perspectives combines high expectations and love. I know this kind of leadership can change our homes, our workplace, our communities—our world because it changed me.

Kray Butler, Class of 2018
Freshman at Northern Illinois University

“Perspectives is the type of school that “saw” me, Kray Butler, for all that I am. Perspectives loves me.”

Perspectives Family,

We lead—this theme carried us through another banner year at Perspectives. From the classroom to the community, our students and staff lead with our 26 principles of A Disciplined Life® across our city. We lead because you lead with us. It is your investment, your generosity, your wisdom, and your talent that sustains our mission.

Because you led with us, over 200 graduates are prepared for college and the workforce, over 50% of juniors and seniors earned college credit or certifications, nearly 2,000 students and leaders advocated for a more peaceful Chicago, over 400 students experienced professional internships, hundreds visited college campuses, and a handful experienced global travel.

This year, we continue to lead, evolve and refine our proven foundation of academic rigor, social-emotional development, and experiential learning. Developing ethical leaders is more important than ever in our community and country. We are committed to providing our students with many opportunities to lead with an ethical mindset and build meaningful lives.

As part of that commitment, we are thrilled to announce that Rhonda Hopps has transitioned from Chief Executive Officer to Chief Growth Officer. In this new role, Rhonda will spend 100% of her focus on managing future growth priorities for the organization. We have ambitious goals for our future, which require dedicated focus to evaluate and execute on these results.

As Rhonda moves into her new role, the board has hired Deborah Stevens, as our new Chief Executive Officer. Deborah, a long-time Perspectives supporter, has served as a Board Member since 2002 and Chair of the Finance Committee of the Board since 2008. Deborah is passionate about social justice, and is profoundly tied to our A Disciplined Life education model. We are confident that this new structure will allow us to continue to serve our existing students with excellence while also driving our future success.

Thank you for all that you do to support our mission! You are making a true and lasting difference in the lives of our students, and we are deeply grateful.

Together, we live and lead A Disciplined Life!

Tony Anderson
Board Chair

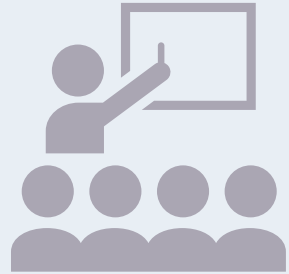

We achieve results that matter.

Nearly **2,000 students**
and leaders advocated
for a more peaceful Chicago

The Class of 2018
earned **\$13 million**
in scholarship
dollars.

180 minutes
of social emotional
instruction per week

96% of our Freshmen
are “On Track”—the leading
predictor of high school
graduation

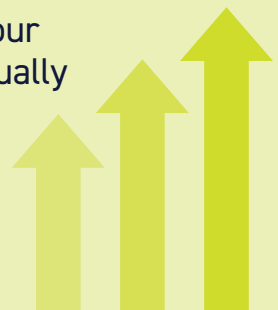

Over **300 juniors**
experienced a professional
internship

All students utilized
personalized learning
platforms on a
daily basis

By 8th grade, our
graduates virtually
close their
achievement
gap.

50% of juniors and seniors
earned dual enrollment college credit
or professional certifications.
