

Perspectives

We live a Disciplined Life.®

Good afternoon Perspectives Families,

We are writing to share that on **Monday, March 16, all Perspectives campuses will dismiss at 1:30pm.**

It will be important for your student to come to school on Monday, as your student will receive important information about how to participate in e-Learning and log their e-Learning attendance. In addition, students will receive paper copies of all assignments for the next two weeks. **However, students who have symptoms of acute respiratory illness and have not been free of fever (100.4 F) for 24 hours should remain home on Monday, March 16.** Please contact your student's school to notify of the absence and a staff member will be in touch with information about e-Learning procedures.

From 1:30pm-3:30pm, all Perspectives teachers will meet to ensure our e-learning plan, details attached, launches successfully for your student. Please know we understand this may create further disruption to your regular routine and we commit to providing safe aftercare from 1:30pm-3:20pm on Monday, March 16 only. If you would like your student to participate in aftercare until 3:20pm on March 16, [please complete the Google form here.](#)

From March 17-30, healthy meals will be available to our students. We recognize that our schools provide healthy meals to many of our students. Each day, between the hours of 8:30am and 1:00pm, we will be providing a pick-up option of free breakfast and lunch for our students. If you have any questions or special circumstances, please e-mail familysupports@pcsedu.org. Additionally, we also want to share that Chicago Public Schools has communicated that all families will be able to pick up meals at their nearest CPS school beginning Tuesday, March 17, from 8:30am-1:00pm daily.

If you have any questions, please do not hesitate to contact your school principal.

Sincerely,

Deborah Stevens, CEO
