

HS Remote Learning Plan: For Families

During the school closure, Perspectives Charter Schools' goal is to provide students with remote learning opportunities to help minimize instructional loss, provide students with routines and structures to help stay engaged and connected, and ensure that students are healthy. Perspectives Charter Schools will meet these goals by implementing the plan below.

This document summarizes our plan by telling you:

- 1) The minimum amount of time your student should spend in structured academic activity.
- 2) How we will communicate with you and when learning materials will be posted.
- 3) What key learning platforms your student will use.
- 4) How your student can access their teacher, and when they should expect feedback on work submitted.
- 5) How your student can access learning materials if you don't have easy access to a computer.
- 6) How we will communicate with you as a school, along with how your student can get support during the school day if they are stuck on an assignment.

HS Remote Learning Plan: For Families

Non-Digital Remote Learning Plan

Every two weeks, school leaders will print hard copies of project-based learning packets for students. These materials were created by leaders at Chicago Public Schools and are available on their website. Hard copies are available for drive-up/walk-up pick-up at Perspectives/IIT Math and Science Academy, 3663 S. Wabash Ave., door 7 between 9am-1:00pm daily.

School Communication Plan

- Each day, students receive an email from Mr. Todd, Managing Principal, or Ms. Banks, Resident Principal, with information about attendance and how to access course materials.
- At minimum, teachers provide weekly feedback directly onto the Summit platform (7-10) and Google Classroom (11-12).
- Teachers will respond to all emails within 48 hours.

School Day Student Support Plan

Teachers will be posting daily Google Classroom announcements. If students require any assistance, they can contact their teachers via email between the hours of 7:30 AM and 3:30 PM. Also, teachers have dedicated office hours at minimum from 10 AM to 11 AM each week day. To receive additional support, students may book and schedule digital tutoring for math and science assignments between the hours of 9am and 3pm each week day. If students or families struggle to contact a teacher, then the MSA main office 773-358-6800 should be contacted, so a school leader can assist.
