

# TRANSPORTATION CONSENT AND WAIVER

## Perspectives Transportation Policy

Staff members are discouraged from transporting students in private vehicles. If use of a private vehicle is the only feasible method of travel, use of a private vehicle is acceptable under the following conditions:

- The total number of passengers is 10 or fewer.
- The private vehicle must be a motor vehicle designed to carry no more than 10 passengers (including the driver), with functioning seatbelts for each person.
- Transportation of students or staff in 15-passenger vans is expressly prohibited.
- Any person requesting to transport students in a private vehicle must receive prior written approval from the principal and the parents or legal guardians of the students being transported.
- The principal shall ensure that any driver of the vehicle holds a valid driver's license, and liability insurance of \$300,000 for a vehicle manufactured to transport up to six passengers or \$500,000 for a vehicle manufactured to transport more than six passengers.
- If an additional adult will be accompanying the trip but not driving, this documentation is not required for that adult.
- The principal must retain a photocopy of the driver's license and insurance documentation

Perspectives abides by rideshare policies outlined by companies such as Uber and Lyft and will not utilize such services for students.
